International Trust Disputes Sara Collins, Steven Kempster, Morven McMillan, Alison Meek, 2012-01-19 The number of disputes involving trusts has risen significantly in recent years Many disputes take place in the international environment and cross border jurisdictional issues may arise These disputes often involve large sums of money impacting significantly on family relations The handling of such disputes requires specialist skills and knowledge including an understanding of how and why private trusts are established and administered and the problems that can arise an awareness of the cross jurisdictional issues that may be relevant and the ability to identify practical legal solutions to the dispute that are compliant with trust principles International Trust Disputes provides a comprehensive and thorough treatment of this topic Acting as a specialist guide for practitioners it offers a survey of the special considerations that may arise with regard to trust disputes as well as a definitive guide to the issues which may be encountered in the jurisdictions where disputes are most likely to take place
