**The Khrushchev Proposal** Bob Wood,2005 Foreign Relations of the United States, 1961-1963 Charles S. Sampson,John Michael Joyce,David S. Patterson,1998 State Department Publication 10544 Edited by Charles S Sampson et al Presents a full accounting of the overall nature and structure of United States Soviet relations together with a more detailed documentary record of those high level meetings discussions and policy debates on the broad range of issues making up the diplomacy of the cold war *The Last Gentleman* Bruce Smith,2022-01-04 A behind the scenes account of American foreign policymaking in the late twentieth century Tom Hughes assistant secretary of state for intelligence and research made an ominous prediction in 1965 In a seminal but less well known document of the Vietnam War Hughes predicted that the Democratic Party and the national consensus underlying the nation s foreign policy would break apart if the war escalated Hughes drafted the memo for his friend and fellow Minnesotan for whom he had previously worked as legislative counsel Senator Hubert Humphrey Humphrey had just been elected Vice President The memo called on President Johnson to seek negotiations to end the war but clearly failed to persuade him Tom Hughes saw his prediction come true Hughes served in the State Department through 1970 and then for 20 years as president of the Carnegie Endowment for International Peace He worked to reestablish a professional bipartisan foreign policy for the United States and to make the foreign service more open and democratic He also built the Carnegie Endowment into the nation s leading foreign policy think tank and he remained influential in foreign policy circles In this impressive biography Bruce L R Smith tells the story of this remarkable life which also reflects much of the story of America in the last half of the twentieth century Through the eyes diary and notes of a key participant the book provides a contemporaneous perspective on such major events as the Bay of Pigs fiasco and the CIA s Operation Mongoose against the Castro regime the Cuban missile crisis Vietnam and the elections of the 1960s This book is a firsthand behind the scenes account of the people who dealt with the great issues and made critical life and death decisions for America during the cold war Foreign Relations of the United States United States. Department of State,1988 **Congressional Record** United States. Congress,1960 **"One Hell of a Gamble"** Aleksandr Fursenko,Timothy Naftali,2014-03-17 Based on classified Soviet archives including the files of Nikita Khrushchev and the KGB One Hell of a Gamble offers a riveting play by play history of the Cuban missile crisis from American and Soviet perspectives simultaneously No other book offers this inside look at the strategies of the Soviet leadership John F Kennedy did not live to write his memoirs Fidel Castro will not reveal what he knows and the records of the Soviet Union have long been sealed from public view Of the most frightening episode of the Cold War the Cuban Missile Crisis we have had an incomplete picture When did Castro embrace the Soviet Union What proposals were put before the Kremlin through Kennedy s back channel diplomacy How close did we come to nuclear war These questions have now been answered for the first time This important and controversial book draws the missing half of the story from secret Soviet archives revealed exclusively by

the authors including the files of Nikita Khrushchev and his leadership circle Contained in these remarkable documents are the details of over forty secret meetings between Robert Kennedy and his Soviet contact records of Castro s first solicitation of Soviet favor and the plans suspicions and strategies of Khrushchev This unique research opportunity has allowed the authors to tell the complete fascinating and terrifying story of the most dangerous days of the last half century
