Library Management 101 Diane L. Velasquez, 2013-07-10 Knowing the principles of general management is both useful and necessary for LIS students but learning management techniques specific to the world of libraries is no less important Created to fill a surprising educational void this edited volume focuses on best practices from library management experts teaching in LIS programs across the country Among the many topics discussed are Classic and contemporary theories of management and how they apply to the library Human resource planning Marketing and public relations Negotiations mediation and financial management of the library Facilities management Information technology management and future trends Change management and organizational culture Ethics and confidentiality In addition to providing students with a solid foundation in library management experienced managers will also benefit from the structured practical knowledge included in this impressive volume

Disabilities and the Library Clayton A. Copeland, 2022-11-11 Librarians need to understand the needs and abilities of differently abled patrons and anyone responsible for hiring and managing librarians must know how to provide an equitable environment This book serves as an educational resource for both groups Understanding the needs and abilities of patrons who are differently abled increases librarians ability to serve them from childhood through adulthood While some librarians are fortunate to have had coursework to help them understand the needs and abilities of the differently abled many have had little experience working with this diverse group In addition many persons who are differently abled are or would like to become librarians Disabilities and the Library helps readers understand the challenges faced by people who are differently abled both as patrons and as information professionals Readers will learn to assess their library's physical facilities programming staff and continuing education to ensure that their libraries are prepared to include people of all abilities Inclusive programming and collection development suggestions will help librarians to meet the needs of patrons and colleagues with mobility and dexterity problems learning differences hearing and vision limitations sensory and cognitive challenges autism and more Additional information is included about assistive and adaptive technologies and web accessibility Librarians will value this accessible and important book as they strive for equity and inclusivity
