This Place:

In This Place Marianne Race, Laurie Brink, 2008-05-01 The landscape photographed and the reflections on the sites of the Sunday Gospels paint a geography little changed since the time of Jesus and his followers To see the Judean Wilderness or the River Jordan or the hills of Jerusalem is to see the topography the land features that existed two thousand years ago And in seeing them we are reminded that this is what Jesus saw The dust and heat are the reality of his day and time as much as they are ours To encounter that land if only through word and image is to touch the world of Jesus *The Most of This Place*

Toni S. Troxell, 2014-12-15 The Most of This Place is a book about the many places one may find themselves Places such as waiting conflict or facing defeat Acts 16 19 40 explains how Paul and Silas made the most of these sometimes uncomfortable places For Paul and Silas their place is prison Their journey from preaching to prison inspires the reader to never give up and to persevere The journey of this book takes you to many places one may find themselves in the course of life No matter where one may find themselves The Most of This Place is a book that is inspiring and practical in its use *Book of This Place*

Deborah J. Haynes, 2009-09-01 The title of this engaging work emphasizes that the author lives works and creates art in this place a particular site in the foothills of the Colorado Rocky Mountains The subtitle indicates that place is the arena for investigating engagement with the land and nature art and creativity and spiritual life By exploring the significance of place in our fragmented world and by using her artistic practice as an example the author hopes to offer readers new definitions of the interrelationship of religion and art Haynes is the first to examine the intersection of these three themes which may be variously defined First the land and nature provide the literal site for the book and the language of ecology is woven throughout In the face of contemporary global crises Haynes believes that we have a moral imperative to address how we live and work in the physical environment Second visual art creativity and the creative process are discussed using historical and contemporary examples Haynes is a philosopher of art and an artist whose primary creative work involves carving marble and drawing Using her stone sculptures to frame the book's chapters she takes readers on a meandering journey into the history philosophy and practice of art Third the religious and spiritual life is highlighted with examples from both her practice of yoga and Buddhist meditation as well as from her work with hospice patients *This Place of Prose and Poetry*

Lucian Krukowski, 2015-10-15 This book is a narrative interspersing prose and poetry within a compatible place The boundary between these forms is porous for intersections between them are not considered as a negative Rather they are seen as a method a way to exemplify the various contents by bringing them into a new and less rigid order and then to watch them change again The contents comprise a number of issues Mind brain soul and their philosophical divergences fact fiction and their pluralities of truth rationalism empiricism and categorical confusion an intersection of belief systems generating a field of unlike places pornography eroticism and their changing representations There is a fantasy about the Devil's need for art in Hell and some extended frolics with characters out of older comic strips These are followed by ruminations on dying

ending and their separate embellishments Poems weave through and color all The broad theme of this book interprets culture as a history of transgressions between competing beliefs Rigid borders inevitably lead to boredom stasis and oppression Porous borders can lead to schism communion ecstasy atrocity as the passing case may be **This Place Will Become Home** Laura Hammond,2004 Narratives of displacement Life in the Sudan camps A patchwork of emplacements The household food economy as the locus of community construction We have each lost a child birth death and the role of life cycle rituals in emplacing the individual within the community Ada Bai s place in the wider world Conclusion forced migration anthropology and the politics of international assistance Epilogue the Ethiopian Eritrean war as felt in Ada Bai
