This Is Alberta:

Follow the Money Kevin Taft, Mel McMillan, Junaid Jahangir, 2012-01-18 Alberta's most insightful political commentator is back with another essential book. Kevin Taft together with economists Mel McMillan and Junaid Jahangir follows the money to uncover why Alberta, one of the richest places on earth, still talks poor when it comes to public services. Do we really spend more than we can afford? More than we can sustain on health care? On education? Why doesn't Alberta have enough hospital beds? Why have our schools faced teacher layoffs? Why are our city streets potholed and why are rising numbers of Alberta children living in poverty? Where is all our wealth going? **Follow the Money** uncovers the truth behind the government's austerity slogans and cutbacks. The hard-hitting evidence of **Follow the Money** challenges Albertans to rethink the past and remake the future.

Proceedings / Actes et Documents of the XIXth Session of The Hague Conference on Private International Law The Hague Conference on Private International Law, 2006-10-31 This volume of the Proceedings of the Nineteenth Session of the Hague Conference on Private International Law encompasses all preparatory work and records of meetings which led to the adoption of the Hague Convention on the Law Applicable to Certain Rights in Respect of Securities Held with an Intermediary, the Hague Securities Convention. The signing of this Convention on 5 July 2006 by two of the world's major financial markets, the United States and Switzerland, shows the relevance of the new treaty. Traditional rules based on physical transfers and direct holdings are too diverse and inadequate to deal with securities which are nowadays transferred and pledged by electronic entries to accounts with clearing and settlement systems and other intermediaries. By identifying specific conflict rules, the Hague Securities Convention provides a means to remedy this lack of legal certainty which has characterized for too long the field of security transactions. The Proceedings will enable the financial world, but also legal practitioners and academics, to grasp the background and full objectives of this very innovative international instrument.

Christina Alberta's Father Herbert George Wells, 1925 While Wells is primarily remembered for his science fiction, he also made excursions into history, social science, and commentary. This novel story tells how a retired laundry man suffered from delusions that he was the reincarnation of Sargon, King of Kings, returned to earth as Lord of the World.
