Verse Manuscripts Thomas Hoccleve, Early English Text Society, 2002 The poetry of Thomas Hoccleve 1367-1426 has attracted increased attention at the beginning of the 21st century These manuscripts provide a rare opportunity to study the work of a medieval English poet in copies carefully transcribed by the author himself Thomas Hoccleve Sebastian James Langdell, 2018 Offers a significant new reading of the late medieval poet Thomas Hoccleve illustrating Hoccleve's role in recasting Chaucer as a figure of intellectual and moral authority and situating Hoccleve and the nascent English literary tradition firmly in the context of heresy and religious reform Hoccleve's Works Thomas Hoccleve, 1892 **Thomas Hoccleve** Jerome Mitchell, **Hoccleve's Works** F.J. context within which they worked This study includes new material and an up to date bibliography of manuscripts and printed material John Burrow is Winterstoke Professor of English at Bristol University *The Bureaucratic Muse* Ethan Knapp,2001 Long neglected as a marginal and eccentric figure Thomas Hoccleve 1367 1426 wrote some of the most sophisticated and challenging poetry of the late Middle Ages Full of gossip and autobiographical detail his work has made him immensely useful to modern scholars yet Hoccleve the poet has remained decidedly in the shadow of Geoffrey Chaucer In *The Bureaucratic Muse* Ethan Knapp investigates the connections between Hoccleve s poetic corpus and his life as a clerk of the Privy Seal The early fifteenth century was a watershed moment in the histories of both centralized bureaucracy and English vernacular literature These were the decades in which Chaucer s experiments in a courtly English poetry were rendered into a stable tradition and in which the central writing offices at Westminster emerged from personal government into the full blown modernity of independent civil service Knapp shows the importance of Hoccleve s poetry as a site where these two histories come together By following the shifting relationship between the texts of vernacular poetry and those of bureaucratic documents Knapp argues that the roots of vernacular fiction reach back into the impersonal documentary habits of a bureaucratic class *The Bureaucratic Muse* the first full length study of Hoccleve since 1968 provides an authoritative historical and textual treatment of this important but underappreciated writer Chapters focus on Hoccleve s importance in consolidating key concepts of the literary field such as autobiography religious heterodoxy gendered identity and post Chaucer textuality This book will be of interest to scholars of Middle English literature autobiography gender studies and the history of literary institutions *The Making of Thomas Hoccleve's Series* David Watt,2013 *Thomas Hoccleve s Series* 1419 21 tells the story of its own making *The Making of Thomas Hoccleve s Series* analyzes this story and considers what it might contribute to the larger story about book production in the fifteenth century Focusing on four surviving manuscripts made by Hoccleve himself between 1422 and 1426 the first four chapters explore the making of the *Series* in context They examine the importance of audience judgment in the selection and juxtaposition of forms the extent to which the physical flexibility of books could serve the needs of their owners and their makers the changing tastes of fifteenth century readers and the appetite for new paradigms for reform in head and members The final chapter analyzes the most important non authorial copy of the *Series* in order to ask what others made of it While this study draws on Hoccleve s experience it asserts that the *Series* offers a reflection on not a reflection of his conception of book production The ironic contrast between what Hoccleve s narrator intends and accomplishes when making his book is its most redeeming feature for it provides insight into the many conflicting pressures that shaped the way books were made and imagined in early fifteenth century England **Hoccleve's Works** Thomas Hoccleve,Sir Israel Gollancz,2015-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps
