The Final Lie:

The Last Lie Dana Killion,2018-03-26 A string of poisonings A trial by gunpoint Meeting her deadline is a matter of life and death Investigative journalist Andrea Kellner never lets anything get between her and her next scoop So when a grief stricken man crashes a charity gala and demands answers for his daughter s death Andrea knows it s her duty to investigate But she never expected him to point the blame and his gun at her date and his energy drink empire When Andrea s sister falls ill after ingesting the same exact beverage her case gets even more personal To uncover the truth behind the contamination the journalist must confront the man she thought she knew and corporate execs with hush money to spare With her sister s life in peril Andrea will stop at nothing to break the story before the death toll rises The Last Lie is the thrilling second novel in the Andrea Kellner crime fiction series If you like complex plots and smart ballsy crime solving women then you ll love Dana Killion s page turning story Buy The Last Lie to discover this exciting new series today **The Last Lie** Stephen White,2010-08-17 New York Times bestselling author Stephen White returns to his beloved Alan Gregory series with a taut ripped from the headlines crime story Thankfully Alan and Lauren Gregory aren t on the guest list when their affluent new neighbors hold a housewarming party because the next morning a rape accusation rocks the town of Boulder And though Alan discovers he has a most unusual perspective into what truly happened after the party he may not be able to stop crucial witnesses and people close to him from being murdered *Holocaust Denial as an International Movement* Stephen E. Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissention that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler s intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler s anti Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects *Proceedings ... In the End, God . . . John A. T. Robinson,2011-01-01 Eschatology is the explication of what must be true of the end both of history and of the individual if God is to be the God of the biblical faith All eschatological statements can finally be reduced to and their validity tested by sentences beginning *In the end God* J A T Robinson The God revealed in Israel s story is the Lord of history a God with good purposes for his creation and a God capable of bringing those purposes to pass All biblical eschatology arises from this fundamental theological insight If God is this God then what shape must the future have John A T Robinson explores biblical eschatology with an eye both to the text and to contemporary culture Revealing the foundation of eschatology to be the experience of God by the community of faith he calls readers to embrace the eschatological vision of the Bible but to do so in a way that is alert to its mythic character In the course of these explorations Robinson also lays bare his own theology of universal salvation But contrary to what one may expect this universalism is one that seeks to take both human freedom and the reality of hell with the utmost seriousness This special edition of John A T Robinson s classic text also includes a debate between Robinson and Thomas F Torrance played out across three articles from the *Scottish Journal of Theology* in 1949 an extended introduction by Professor Trevor Hart University of St Andrews Scotland and a foreword by Gregory MacDonald author of *The Evangelical Universalist*
