Summa Theologica All Complete Unabridged 3 Parts Supplement Appendix interactive links and annotations is formatted for

your eReader with a functional and detailed table of contents This ebook is the best known work of Thomas Aquinas c 1225

1274 Although unfinished the Summa is one of the classics of the history of philosophy and one of the most influential works

of Western literature It is intended as an instructional guide for moderate theologians and a compendium of all of the main

theological teachings of the Catholic Church It presents the reasoning for almost all points of Christian theology in the West

The Summa Theologica is divided into three parts and each of these three parts contains numerous subdivisions Part 1 deals

primarily with God and comprises discussions of 119 questions concerning the existence and nature of God the Creation

angels the work of the six days of Creation the essence and nature of man and divine government Part 2 deals with man and

includes discussions of 303 questions concerning the purpose of man habits types of law vices and virtues prudence and

justice fortitude and temperance graces and the religious versus the secular life Part 3 deals with Christ and comprises

discussions of 90 questions concerning the Incarnation the Sacraments and the Resurrection Some editions of the Summa

Theologica include a Supplement comprising discussions of an additional 99 questions concerning a wide variety of loosely

related issues such as excommunication indulgences confession marriage purgatory and the relations of the saints toward

the damned Scholars believe that Rainaldo da Piperno a friend of Aquinas probably gathered the material in this supplement

from a work that Aquinas had completed before he began working on the Summa Theologica It seeks to describe the

relationship between God and man and to explain how man s reconciliation with the Divine is made possible at all through

Christ To this end Aquinas cites proofs for the existence of God and outlines the activities and nature of God Approximately

one half of the Summa Theologica then examines the nature and purpose of man Finally Aquinas devotes his attention to the

nature of Christ and the role of the Sacraments in effecting a bridge between God and man Within these broad topical

boundaries though Aquinas examines the nature of God and man in exquisite detail His examination includes questions of

how angels act on bodies the union of body and soul the cause and remedies of anger cursing and the comparison of one sin

with another Aquinas is attempting to offer a truly universal and rational view of all existence Thomas Aquinas O P 1225

1274 also Thomas of Aquin or Aquino was an Italian Dominican priest and an immensely influential philosopher and

theologian in the tradition of scholasticism within which he is also known as the Doctor Angelicus Doctor Communis and

Doctor Universalis He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable and much of modern philosophy was conceived in development or refutation of his ideas particularly in the areas of ethics natural law metaphysics and political theory     **Summa Theologica: Third Part of the Second Part** St. Thomas Aquinas,2018-02-06 The fourth volume in this epic and classic undertaking by one of the most notable theologians of the Roman Catholic Church This volume features theological considerations towards such topics as Virtues Fortitude and Temperance Graces and States of Life and other important topics that we often take for granted in our thinking in the church and in worship towards God These topics must be carefully considered if we are to ever have a deep understanding and love of the one true God and his son Jesus Christ     *Music Trade Indicator* ,1921     *The Public* ,1913
