Casway coined the phrase The Emerald Age of Baseball to describe the 1890s when so many Irish names dominated teams
rosters But one can easily agree and expand that the period from the mid 1830s well into the first decade of the 20th century
and assign the term to American sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke
in 1836 through to Jack B Kelly s rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids
recounting the various victories and defeats of the Irish sportsman seeking instead to deal with the complex interaction that
he had with alcohol gambling and Sunday leisure pleasures that were banned in most of America at some time or other
between 1836 and 1920 This book also covers the Irish sportsman s close relations with politicians his role in labor relations
his violent lifestyle and by contrast his participation in bringing respectability to sport It also deals with native Irish sports in

typically outside the city but accessible by streetcar train and automobile Today the principles of the garden city movement
are once again in play as retrofitting the suburbs has become a central issue in planning Strategies are emerging that reflect
the goals of garden suburbs in creating metropolitan communities that embrace both the intensity of the city and the
