

## **Thorp Green**

**I sit, this evening, far away,  
From all I used to know,  
And nought reminds my soul to-day  
Of happy long ago.**

**Unwelcome cares, unthought-of fears,  
Around my room arise;  
I seek for suns of former years  
But clouds o'ercast my skies.**

**Yes-Memory, wherefore does thy voice  
Bring old times back to view,  
As thou wouldst bid me not rejoice  
In thoughts and prospects new?**

**I'll thank thee, Memory, in the hour  
When troubled thoughts are mine-  
For thou, like suns in April's shower,  
On shadowy scenes wilt shine.**

**I'll thank thee when approaching death  
Would quench life's feeble ember,  
For thou wouldst even renew my breath  
With thy sweet word 'Remember'!**

## **Thorp Green:**

**Thorp Green** Terence Kingsley-Smith, Terry Kingsley-Smith, 2004 A novel about possibilities bending the historical and literary context Terence Kingsley Smith constructs an alternate history of the Brontë family **The Art of the Brontës** Christine Alexander, Jane Sellars, 1995-02-23 The first full scale study of the drawings and paintings of the Brontë sisters and their brother Branwell **The Brontës** Juliet Barker, 2012-08-07 A brilliant biography of the Brontë family dispelling popular myths and revealing the true story of Emily Anne Charlotte and their father The Independent on Sunday The tragic story of the Brontë family has been told many times the half mad repressive father the drunken drug addicted brother wildly romantic Emily unrequited Anne and poor Charlotte But is any of it true These caricatures of the popular imagination were created by amateur biographers like Elizabeth Gaskell who were more interested in lurid tales than genuine scholarship Juliet Barker's landmark book is the first definitive history of the Brontës It demolishes the myths yet provides startling new information that is just as compelling but true Based on firsthand research among all the Brontë manuscripts and among contemporary historical documents never before used by Brontë biographers this book is both scholarly and compulsively readable The Brontës is a revolutionary picture of the world's favorite literary family *A Vain Talent? The Question of Female Artistry in the Life and Work of Anne Brontë* Taten Shirley, 2025-02-04 The main goal of this anthology is to aid Brontë scholars along with undergraduate and graduate students alike in their research of Anne Brontë specifically in regards to the question of her artistry in her own life and the theme of artistry in her novel *The Tenant of Wildfell Hall* and her poetry While there have been numerous publications on the Brontë sisters there is the least amount of scholarship on Anne Literary criticism of Anne is usually included within commentary on her sisters as a whole and Anne is always discussed the least in the works There are few if any anthologies on Anne's writing especially not one that focuses on artistry specifically This anthology seeks to reduce the disparity of scholarship on Anne compared to her sisters The chapters all focus on artistry in some aspect of her life or her writing The first chapter focuses on Anne's poetry and how it can be viewed as a therapeutic for her homesickness while at Thorp Green Chapter two examines the ways in which Anne Brontë demonstrates that Agnes Grey's pedagogic craft is one steeped in virtue but punctuated by limited authority thus stressing the inherently artistic nature of education as aesthetic expression that ultimately remains subordinate to the power of individual autonomy The third chapter examines Helen Huntingdon through the medieval lens of chivalric domestic violence Chapter four discusses how Anne's artistry impacted the characters she wrote illustrating how Helen's career as an artist relies on the commercial prospects that painting permits to investigate the problems and disagreements that occur when a woman endeavors to construct a room of one's own outside the conventional societal circumstances The fifth chapter explores how Brontë traces Helen Huntingdon's moral and emotional development through her art and how characters of both genders interact with that art and how the acts of production and interpretation serve as an important dimension of her social critique and refusal to conform to

gendered expectations of her own art Then the sixth chapter examines Victorian women s artistic skills and their modest craft of sketching imaginary kingdoms and painting realistic landscapes and self portraits in Anne Bront s *The Tenant of Wildfell Hall* 1848 and in Charlotte Bront s *Jane Eyre* 1847 as the equivalents of unprofessional female writings expected in the nineteenth century The seventh chapter explores the use of art as a means of escape from an unvirtuous marriage in *The Tenant of Wildfell Hall* Lastly the eighth chapter takes a closer look at why exactly Anne is the least known sister by contrasting the supernatural in Charlotte s *Jane Eyre* to the realism in Anne s *The Tenant of Wildfell Hall* *Agnes Grey* Anne Brontë,2010-06-10 How delightful it would be to be a governess When the young Agnes Grey takes up her first post as governess she is full of hope she believes she only has to remember myself at their age to win her pupils love and trust Instead she finds the young children she has to deal with completely unmanageable They are as she observes to her mother unimpressible incomprehensible creatures In writing her first novel Anne Bront drew on her own experiences and one can trace in the work many of the trials of the Victorian governess often stranded far from home and treated with little respect by her employers yet expected to control and educate her young charges Agnes Grey looks at childhood from nursery to adolescence and it also charts the frustrations of romantic love as Agnes starts to nurse warmer feelings towards the local curate Mr Weston The novel combines astute dissection of middle class social behaviour and class attitudes with a wonderful study of Victorian responses to young children which has parallels with debates about education that continue to this day
