Thorstein Veblen Thorstein Veblen, 1963 *Thorstein Veblen* David Riesman, This is a brilliant and unconventional study of one of the most challenging figures in modern social and economic thought David Riesman has chosen a deliberately personal method of exposition and evaluation and he is by no means a disciple He says of Veblen I find him more often interesting than attractive more often pungent than wise By approaching Veblen subjectively and in a critical spirit Riesman has arrived at an estimate of the man that is objective and balanced Veblen's ideas and attitudes are carefully examined with particular attention to his conviction that the instinct of workmanship was the constructive element in life and
