Teaching And Case Method:

Teaching and the Case Method Louis B. Barnes, Carl Roland Christensen, Abby J. Hansen, 1994 This third edition of Teaching and the Case Method is a further response to increased national and international interest in teaching teachers and learning as well as the pressing need to enhance instructional effectiveness in the widest possible variety of settings Like its predecessors this edition celebrates the joys of teaching and learning at their best and emphasizes the reciprocal exchange of wisdom that teachers and students can experience It is based on the belief that teaching is not purely a matter of inborn talent On the contrary the knowledge skills and attitudes that make for excellence in teaching can be analyzed abstracted and learned One key premise of Teaching and the Case Method is that all teaching and learning involve a core of universally applicable principles that can be discerned and absorbed through the study and discussion of cases

The Case Method in the Study of Teaching with Special Reference to Vocational Agriculture Aretas Wilbur Nolan, 1927 *Case For Cases, The: Teaching With Cases - How To Teach Using The Case Method* Philip Zerrillo, 2018-08-24 This book is intended to support faculty in designing and conducting case teaching The book is a practical how to guide for faculty setting up and delivering a case based class It can be used by instructors of all levels as it discusses issues such as class culture teaching pace grading board usage etc

Introduction to Case Method Teaching Selma Wassermann, 1994 This book is for teachers at all levels and in all subject areas who are interested in exploring this pedagogy In the introductory chapters the theoretical bases of case method teaching are examined The rest of the book offers specific and practical help with the various aspects of case method instruction selecting appropriate cases organizing for instruction orienting students and mastering the art of leading a case discussion More than offering information and advice about effective classroom practices in case method teaching Selma Wassermann provides potential and practicing case method teachers assistance in their development as effective practitioners This book can be used as a companion text to Wassermann's *Getting Down to Cases*

Integrated Case Method Jan-Philipp Büchler, Gregor Brüggelambert, Björn Müller, 2024-03-08 In this case study book we present authentic case studies of selected mid sized companies from Europe with market leading positions in a transformational context for management Alle case studies have been elaborated on the basis of the integrated case method ICM in intense cooperation with the companies and the respective top management This novel approach to case research and teaching has been developed throughout the EU funded ERASMUS project ECASA European CAse Study Alliance Case study learning and teaching offers students and lecturers a great opportunity for class discussions on prevailing topics Case studies can be used for individual and group work The structure of the cases allows lecturers to use it in different contexts regarding exercises and educational objectives Case teaching provides an interactive and challenging environment involving diverse perspectives and complex interdependencies that trigger thoughts and discussions about practical business challenges

Teaching with Cases Espen Anderson, Bill Schiano, 2014-07-31 Case method teaching immerses students in realistic business

situations which include incomplete information time constraints and conflicting goals The class discussion inherent in case teaching is well known for stimulating the development of students critical thinking skills yet instructors often need guidance on managing that class discussion to maximize learning Teaching with Cases focuses on practical advice for instructors that can be easily implemented It covers how to plan a course how to teach it and how to evaluate it The book is organized by the three elements required for a great case based course 1 advance planning by the instructor including implementation of a student contract 2 how to make leading a vibrant case discussion easier and more systematic and 3 planning for student evaluation after the course is complete Teaching with Cases is ideal for anyone interested in case teaching whether basing an entire course on cases using cases as a supplement or simply using discussion facilitation techniques To learn more about the book and to see resources available visit teachingwithcases.hbsp.harvard.edu **Teaching with Cases** James A.
