**Pat Johnson**

## **Teaching One Child:**

*One Child at a Time* Pat Johnson, 2023-10-10 Every elementary teacher deals with students who struggle as readers on a daily basis Each struggling child is complex and each has a unique history as a learner In *One Child at a Time* experienced literacy specialist and consultant Pat Johnson provides a framework she has used in numerous K 6 classrooms to help teachers understand and assist individual children The four step process outlined in the book enables teachers to focus carefully on specific strategies and behaviors analyze them with theoretical and practical lenses design targeted instruction in keeping with current research on reading process and then assess and refine the teaching in conferences with the child The framework is by no means an easy answer to a difficult problem but through its use teachers learn how the reading process works for proficient readers and how to support struggling readers as they construct their own reading process The text is packed with examples of actual conferences with students detailing how and when Pat and her colleagues intervene to instruct and assess The examples of follow up assessment and analysis of struggling readers over days and weeks provide an indispensable model for teachers Pat shows how to use this framework successfully with a range of learners including young children English language learners and students in the upper elementary grades who are stalled in their literacy progress She builds upon her decades of work as a classroom teacher literacy specialist and consultant in schools with high poverty and diversity to demonstrate how this framework can be useful in any setting

**Teaching Mathematics as to be Meaningful - Foregrounding Play and Children's Perspectives** Hanna Palmér, Camilla Björklund, Elin Reikerås, Jessica Elofsson, 2023-10-29 This open access book's theme is Teaching mathematics as to be meaningful foregrounding children's play and perspectives It discusses the relation between teachers children and mathematical content within the context of play with a particular focus on the framing of these relations within this context which is an important theme in the debate on whether teaching should be integrated with or separated from children's play The work further addresses meaningfulness in the learning process particularly from the child's perspective Globally most guidelines and curricula for early childhood education mention play as

one of the key features for young children s learning Still there are quite different views on the definitions of play and in what ways play should become part of children s learning The chapters of the book mirror the research topics presented at the fifth POEM conference in May 2022 divided into four sub themes Play and learning Children s perspectives on mathematics Teachers competencies and Theorizing aspects of early mathematics education

**A Study of the Social Status, Experience, Training, Teaching Load, and Salaries of High-school Teachers of New Jersey** Carl Ludwig Johnson,1930

Evolving Multicultural Education for Global Classrooms Gordon, Richard Keith,Ahmed, Kawser,Hosoda, Miwako,2021-06-18 Multicultural education is a construct that has been very useful for many years in harboring sensitivities teachers need in addressing diverse students Now the discipline needs refreshing In the global society the idea of multicultural education a decidedly Western formation needs to expand its conceptual boundaries Salient issues in multicultural education such as individual identities social justice and equity are bedrock concerns of multicultural educators These concepts are considered necessary but not sufficient in shaping an evolving model of multicultural education The complexity of humans and modern and emerging societies requires a broadened scope of the understanding of contemporary multicultural theory and practice Evolving Multicultural Education for Global Classrooms addresses multicultural education from a comprehensive viewpoint that acknowledges the historical benefit of multicultural education and recognizes a need to inform the discipline with a broader viewpoint As most knowledge on multicultural education comes from a Western perspective and the scholarship on the topic is weakening the chapters in this book present new practices and classroom applications that are internationally transferable Topics covered include teacher education social justice educational equity and inclusion online education and cultural sensitivities This book is ideally intended for teachers educational theorists sociologists of education inservice and preservice teachers administrators teacher educators practitioners researchers academicians and students interested in a fresh global perspective on multicultural education
