## **Teaching From The Heart:**

*Teach from the Heart* Jenell Paris, 2016-06-24 How can a teacher remain whole and happy able to teach well for an entire semester an entire year and an entire career Teach from the Heart is about finding rediscovering or holding on to the heart of the teaching life which is quite literally the teacher s heart It is an encouragement to take up teaching as more than a service to provide a profession to master or a job to perform It is an invitation to artisanry teaching as a craft that we master by working with our hands over long periods of time producing results that bear the mark of their maker Whether you re just beginning or in it for the long haul sit down with Teach from the Heart and deepen your heart for the teaching life We need not bring to class the wisdom and knowledge we gained elsewhere we can take up teaching as a spiritual practice with the classroom as a sacred space for our own formation as persons With nearly forty years experience as both student and teacher Jenell Paris s perspective is hard won but still lighthearted and enthusiastic Teachers from any context will benefit stories and examples include preschool K 12 community education and college teaching
