*Teachings from the Heart* S. L. Waldie, 2008-07-23 The word channel means a conduit for something to move from one destination to another When I first heard the term to channel or channeler I didnt really understand what it meant I soon found out that a channel is someone who allows himself or herself to be that conduit from one realm of the vast universe or universes to another This person or channel is usually carrying messages from others beyond our vibrational frequency here on earth These beings are unable to make contact without the use of this channels voice As I researched this I understood it better but could NEVER imagine myself to be one such person My life has always been one of spirit I have always been very intuitive what some have called psychic since I was a very small child This has never presented a problem for me I just accept it as who I am I have been doing readings since I was in my teens and began to know that the things I saw or felt were most often able to bring peace to others It was and is the greatest desire of my heart To bring and give peace joy and happiness to other people I guess to properly tell this story of how I began doing readings I need to take you back to around the age of three I spent a lot of time with my grandmother whom the family called crazy or out there somewhere but to me she was just a whole lot of love The family was restricted by their own beliefs and unable to really see her for who she truly was When I began to see people who werent there or hear voices from out of nowhere it was Grams who explained that I had the gift At three of course this meant absolutely nothing to me but the fact that she took it in stride and was even proud of me a chip off her block made me simply accept what went on around me Never was I frightened by the souls I saw or the voices I heard As you can see it just came naturally to me this ability to somehow know things Throughout my life I have used this gift for others I have been able to bring them peace about a loved ones passing enabled people to connect with their personal guides and hopefully brought a sense of understanding about the wonders of the spiritual world This way of being has brought me to this time of a new awakening for me Why it waited to occur until I was in my fifties will be understood later Now let me share with you a new growth along my journey In 2007 while in Happy Camp California doing some gold mining with my husband Bruce I met a remarkable woman named Annie She is undoubtedly one of the most spiritually balanced people I have ever known and she has led an amazing life That is her story to tell After speaking together she requested a reading from me and during this reading she told me that she had gotten a hit as she called her own spiritual inspirations This inspiration told her that I was to be a channel Of course I looked at her like she was out of her mind ME No there had to be some mistake I had never even had a thought to being any more than what I already was and this had served me and others for many many years As I said I was able to bring a sense of closure or understanding to many with the messages I carried from loved ones who had passed on or from their own spiritual guides When Annie told me that she thought I would be a wonderful channel for those entities from other planets and universes I was very taken aback I guess it really wasnt a whole lot different than speaking with the deceased or peoples personal guides except in the manner it occurred While doing a reading I was given

images and feelings that helped me to understand the message that was to be given In Channeling your voice is actually used to give these messages and you truly become that conduit from one place in time to another At first I struggled with this When I went into my meditations I asked if this was truly to be my calling If it was I on **Teachings from the Heart** Tarthang Tulku, Tarthang, 1998 33 essays drawn from interviews and Dharma Publishing book introductions provide an overview of the Buddhist path and meditation *The New Heart of Wisdom* Geshe Kelsang Gyatso, 2012-07-26 This special presentation of Buddha s teachings by the author of *Modern Buddhism* offers truly liberating insights and advice for the contemporary reader It reveals the profound meaning of the very heart of Buddha s teachings the Perfection of Wisdom Sutras The author shows how all our problems and suffering come from our ignorance of the ultimate nature of things and how we can abandon this ignorance and come to enjoy pure lasting happiness by developing a special wisdom associated with compassion for all living beings Many people are very intelligent in accomplishing worldly attainments This intelligence is not wisdom because worldly attainments such as a high position reputation wealth and success in business are deceptive If we die tomorrow they will disappear tomorrow and nothing will be left for our future Wisdom however will never deceive us It is our inner Spiritual Guide who leads us to the correct path It is the divine eye through which we can see what we should know what we should abandon what we should practise and what we should attain Venerable Geshe Kelsang Gyatso Rinpoche [The power of the heart: a collection of teachings](#) Shih Cheng Yen, 2013-01-01 In this book Dharma Master Cheng Yen s spiritual teachings are compiled into relatively short English articles for reflection and contemplation The collection is an eclectic one based on talks to different audiences and from different sources While they are loosely grouped into separate topics each occupying one part of the book the articles may stand on their own Part I offers basic teachings on Buddhism which can serve as a foundation for understanding the Master s wider teachings Part II is about cultivation or ways we can put the teachings into practice to become a better person Part III introduces Tzu Chi its spirit and how Tzu Chi volunteers learn to be bodhisattvas through Tzu Chi work Part IV shares the practice of repentance in a series of articles which teach us to look inward to find solutions to the many problems that we see in our world and encounter in life In giving teachings the Master guides people to see the real truths and principles in life and these are universal to all human beings no matter what country they are from what religion they practice and what language they speak The teachings have been compiled with care to reflect the Master s style of using simple easy to understand language to help people to understand the spiritual teachings take them to heart and be inspired to practice them in their daily lives for this is the Master s heartfelt wish **The Essence of the Heart Sutra** Dalai Lama XIV Bstan-'dzin-rgya-mtsho, Dalai Lama, 2005-07-07 For more than 2 000 years the Heart Sutra has been of central importance to millions of Buddhists Whether memorized chanted or studied this sacred text is often looked to for inspiration Based on talks the Dalai Lama gave in the spring of 2001 *Essence of the Heart Sutra* is a masterful translation of the Dalai Lama s on the subject teachings that provide fresh insights on a mainstay
