**Reel Power** Matthew Alford, 2010-08-06 Hollywood is often characterised as a stronghold of left liberal ideals In Reel Power Matthew Alford shows that it is in fact deeply complicit in serving the interests of the most regressive US corporate and political forces Films like Transformers Terminator Salvation and Black Hawk Down are constructed with Defence Department assistance as explicit cheerleaders for the US military but Matthew Alford also emphasises how so called radical films like Three Kings Hotel Rwanda and Avatar present watered down alternative visions of American politics that serve a similar function Reel Power is the first book to examine the internal workings of contemporary Hollywood as a politicised industry as well as scores of films across all genres No matter what the progressive impulses of some celebrities and artists Alford shows how they are part of a system that is hard wired to encourage American global supremacy and frequently the use of state violence
