Winchell,2008-12-07 Throughout World War II when Saturday nights came around servicemen and hostesses happily forgot the war for a little while as they danced together in USO clubs which served as havens of stability in a time of social moral and geographic upheaval Meghan

Winchell demonstrates that in addition to boosting soldier morale the USO acted as an architect of the gender roles and sexual codes that shaped the greatest generation Combining archival research with extensive firsthand accounts from among the hundreds of thousands of female USO volunteers Winchell shows how the organization both reflected and shaped 1940s American society at large The USO had hoped that respectable feminine companionship would limit venereal disease rates in the military To that end Winchell explains USO recruitment practices characterized white middle class women as sexually respectable thus implying that the sexual behavior of working class women and women of color was suspicious In response women of color sought to redefine the USO s definition of beauty and respectability challenging the USO s vision of a home front that was free of racial gender and sexual conflict Despite clashes over class and racial ideologies of sex and respectability Winchell finds that most hostesses benefited from the USO s chaste image In exploring the USO s treatment of female volunteers Winchell not only brings the hostesses stories to light but also supplies a crucial missing piece for understanding the complex ways in which the war both destabilized and restored certain versions of social order Quality Lesson Plans for Secondary Physical Education Dorothy Zakrajsek,Lois Carnes, Frank E. **Toward the Meeting of the Waters** Winfred B. Moore, Jr., Orville Vernon Burton, 2022-03-23 2009 Choice Outstanding Academic Title A provocative look into civil rights progress in the Palmetto State from activists statesmen and historians *Toward the Meeting of the Waters* represents a watershed moment in civil rights history bringing together voices of leading historians alongside recollections from central participants to provide the first comprehensive history of the civil rights movement as experienced by black and white South Carolinians Edited by Winfred B Moore Jr and Orville Vernon Burton this work originated with a highly publicized landmark conference on civil rights held at the Citadel in Charleston The volume opens with an assessment of the transition of South Carolina leaders from defiance to moderate enforcement of federally mandated integration and includes commentary by former governor and U S senator Ernest F Hollings and former governor John C West Subsequent chapters recall defining moments of white on black violence and aggression to set the context for understanding the efforts of reformers such as Levi G Byrd and Septima Poinsette Clark and for interpreting key episodes of white resistance Emerging from these essays is arresting evidence that although South Carolina did not experience as much violence as many other southern states the civil rights movement here was more fiercely embattled than previously acknowledged The section of retrospectives serves as an oral history of the era

as it was experienced by a mixture of locally and nationally recognized participants including historians such as John Hope Franklin and Tony Badger as well as civil rights activists Joseph A De Laine Jr Beatrice Brown Rivers Charles McDew Constance Curry Matthew J Perry Jr Harvey B Gantt and Cleveland Sellers Jr The volume concludes with essays by historians Gavin Wright Dan Carter and Charles Joyner who bring this story to the present day and examine the legacy of the civil rights movement in South Carolina from a modern perspective *Toward the Meeting of the Waters* also includes thirty seven photographs from the period most of them by Cecil Williams and many published here for the first time
