Thomas, 2016-08-15 Get back to the roots on Revelation Through the centuries since its writing the book of Revelation has captured the fascination of the Christian church The earliest Christians were unanimous in understanding it along a premillennial view of Jesus second coming but other hermeneutical approaches began to emerge in the third century These clouded and added complexity to the task of explaining the book s meaning For most of the Christian era consequently many readers have viewed this last of the NT writings as though it were hopelessly embedded in an aura of deep mystery An avalanche of interpretive literature has evidenced remarkable interest in the book s contents but along with the interest has come widespread bewilderment Written especially for the informed layman student and scholar this commentary seeks to clear the air The book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology but the reader will not get a narrow view on areas of disagreement This commentary interacts with a range of major views both evangelical and nonevangelical It reaffirms the basic framework of eschatology espoused by ancient Christianity but with added help from centuries of maturing thought and doctrinal progress in the Body of Christ All exegesis and exposition in this 2 volume commentary are based on the original language of the text Translations used are those of the author and textual criticism and

word study are included where appropriate This in depth commentary also includes extended excursuses on important topics of theological and historical interest **Nietzsche's Teaching** Laurence Lampert,1986-01-01 The first comprehensive interpretation of Nietzsche's Thus Spoke Zarathustra an important and difficult text and the only book Nietzsche ever wrote with characters events setting and a plot Laurence Lampert's chapter by chapter commentary on Nietzsche's magnum opus clarifies not only Zarathustra's narrative structure but also the development of Nietzsche's thinking as a whole An impressive piece of scholarship Insofar as it solves the riddle of Zarathustra in an unprecedented fashion this study serves as an invaluable resource for all serious students of Nietzsche's philosophy Lampert's persuasive and thorough interpretation is bound to spark a revival of interest in Zarathustra and raise the standards of Nietzsche scholarship in general Daniel W Conway Review of Metaphysics A book of scholarship filled with passion and concern for its text Tracy B Strong Review of Politics This is the first genuine textual commentary on Zarathustra in English and therewith a genuine reader's guide It makes a significant and original contribution to its field Werner J Dannhauser Cornell University This is a very valuable and carefully wrought study of a very complex and subtle poetic philosophical work that provides access to Nietzsche's style of presenting his thought as well as to his passionately affirmed values Lampert's commentary and analysis of Zarathustra is so thorough and detailed that it is the most useful English language companion to Nietzsche's edifying and intriguing work Choice Selected as one of Choice's outstanding academic books for 1988 *Life-Study of Revelation, Vol. 2 (#17-33)* ,

Life-Study of Revelation Witness Lee,1984-05-01 In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries It is filled with the revelation concerning the processed Triune God the living Christ the life giving Spirit the experience of life and the definition and practice of the church In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation development and expounding of the truths contained in the Scriptures The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people the second principle is that we should interpret develop and expound the truths contained in the Bible with Christ for the church and the third governing principle is Christ the Spirit life and the church No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does **Opening the Seventh Seal** S. Ted Gashler,2003-01-01 **The Writings of the Apostle John** John Tindall Harris,1889 **Focus on The Seventh Seal** Birgitta Steene,1972 **A HANDBOOK OF BIBLICAL FUTURE EVENTS WITH POSSIBLE DATES** Gary T. Mayer,2025-11-12 The book of Daniel reveals that knowledge of God's plans for the end of the age will be understood at the time of the end Mayer believes that we are now in that time He has found evidence for the probable dates of future events such as the rapture of the saints the setting up of the abomination of

desolation and the second coming of Christ he shares in his book these possible dates with Scriptural evidence This book presents a fresh look at the Scriptures in regards to Daniel s seventieth week God will cause Christ s blood covenant to prevail at this time for the salvation of many people because the power of the Holy Spirit will be poured out Gary gives special attention to the 144 000 who are protected during the last half of the Great Tribulation and to the great multitude that will come out of the Great Tribulation He shows that the seals of Revelation are distinguished from the Trumpets and bowls because the seals basically did not contain new revelation that came after Christ s resurrection and ascension but the trumpets and bowls reveal new details His book ends with a call to repentance in light of what will soon be coming upon the earth
