The Shaping of Jewish History Ellis Rivkin,1971 [The Shaping of Jewish History](#) Ellis Rivkin,1971 [The Shaping of Jewish History](#) E. Rivkin,1917 **The Unity Principle** Ellis Rivkin,2003 Presents a dynamic interpretation of Jewish history from biblical to modern times as a set of interconnected and evolving events and relationships that spring directly from Judaism's core beliefs *The American Jewish Chronicle* ,1917 **The Maccabean** ,1903 *Salo Baron* Rebecca Kobrin,2022-03-15 In 1930 Columbia University appointed Salo Baron to be the Nathan L Miller Professor of Jewish History Literature and Institutions marking a turning point in the history of Jewish studies in America Baron not only became perhaps the most accomplished scholar of Jewish history in the twentieth century the author of many books including the eighteen volume *A Social and Religious History of the Jews* He also created a program and a discipline mentoring hundreds of scholars establishing major institutions including the first academic center to study Israel in the United States building Columbia's Judaica collection intervening as a public intellectual and exerting an unparalleled influence on what it meant to study the Jewish past This book brings together leading scholars to consider how Baron transformed the course of Jewish studies in the United States From a variety of perspectives they reflect on his contributions to the study of Jewish history literature and culture as well as his scholarship activism and mentorship Among many distinguished contributors David Sorkin engages with Baron's arguments on Jewish emancipation Francesca Trivellato puts him in conversation with economic history David Engel examines his use of anti-Semitism as an analytical category Deborah Lipstadt explores his testimony at the trial of Adolf Eichmann and Robert Chazan and Jane Gerber both once Baron's doctoral students offer personal and intellectual reminiscences Together they testify to Baron's singular legacy in shaping Jewish studies in America

Publications of the American Jewish Historical Society ,1918 **Publications of the American Jewish Historical Society** American Jewish Historical Society,1918 **The Discourse on Yiddish in Germany from the Enlightenment to the Second Empire** Jeffrey A. Grossman,2000 Explores the uses of Yiddish language in German literary and cultural texts 1781 until the late nineteenth century This book explores the uses of Yiddish language in German literary and cultural texts from the onset of Jewish civil emancipation in the Germanies in 1781 until the late 19th century Showing the various functions Yiddish assumed at this time the study crosses traditional boundaries between literary and non literary texts It focuses on responses to Yiddish in genres of literature ranging from drama to language handbooks from cultural criticism to the realist novel in order to address broader issues of literary representation and Jewish German relations in the 18th and 19th centuries Professor Grossman shows how the emergence of attitudes toward Jews and Yiddish is directly related to linguistic theories and cultural ideologies that bear a complex relationship to the changing social and political institutions of the time Amidst the rise of national ideologies and modern anti-Semitism the increasing consolidation of institutions and the drive to cultural homogeneity in the 18th and 19th century German context Yiddish functioned as an

anarchic element that in the view of its opponents threatened to dissolve German national culture Grossman locates the response to Yiddish in the context of historical events the Hep Hep Riots of 1819 the Revolution of 1848 and institutional changes Jewish legal emancipation the promotion of Bildung as an educational and cultural ideal In its methodology and its focus this study seeks to show how the conflicted responses to the Yiddish language point to the problems that connected and frequently divided Jews and Germans as they sought to re invent themselves for a new and unsettling context
