The Underground Press in America Robert J. Glessing, 1971 **The Underground Press in America** Robert J. Glessing, 1984 **The Black Panther Party (reconsidered)** Charles Earl Jones, 1998 This new collection of essays contributed by scholars and former Panthers is a ground breaking work that offers thought provoking and pertinent observations about the many facets of the Party By placing the perspectives of participants and scholars side by side Dr Jones presents an insider view and initiates a vital dialogue that is absent from most historical studies **Outlaws of America** Roger Lewis, 1972 *On the Ground* Sean Stewart, 2011 Recounts the birth of the underground newspaper movement in the mid 1960s from the Berkeley Barb to the Chicago Seed as told by the people involved with their production and distribution including Bill Ayers Paul Buhle and Trina Robbins Original **Smoking Typewriters** John McMillian, 2011-02-01 What caused the New Left rebellion of the 1960s In *Smoking Typewriters* historian John McMillian argues that the underground press contributed to the New Left s growth and cultural organization in crucial overlooked ways *Insider Histories of the Vietnam Era Underground Press, Part 1* Ken Wachsberger, 2011 This is an important collection I do not say that lightly Chris Atton Professor of Media and Culture Edinburgh Napier University Scotland Reds in America Richard Merrill Whitney, 1924 **Protest and Survive** James Lewes, 2003-07-30 Drawing from more than 120 newspapers published between 1968 and 1970 this study explores the emergence of an anti militarist subculture within the U S armed services These activists took the position that individual GIs could best challenge their subordination by working in concert with like minded servicemen through GI movement organizations whose behaviors and activities were then publicized in these underground newspapers In examining this movement Lewes focuses on their treatment of power and authority within the armed forces and how this mirrored the wider and more inclusive relations of power and authority in the United States He argues that this opposition among servicemen was the primary motivation for the United States to withdraw from Vietnam This first book length study of GI published underground newspapers sheds light on the utility of alternative media for movements of social change and provides information on how these movements are shaped by the environments in which they emerge Lewes asserts that one cannot understand GI opposition as an extension of the civilian antiwar movement Instead it was the product of an embedded environment whose inhabitants had been drafted or had enlisted to avoid the draft They came from cities and small towns whose populations were often polarized between those who wholeheartedly supported the war and those who became progressively more critical of the need for Americans to be involved in Vietnam **Protest on the Page** James L. Baughman, Jennifer Ratner-Rosenhagen, James P. Danky, 2015-04-20 Explores the intertwined histories of print and protest in the United States from Reconstruction to the 2000s Ten essays look at how protestors of all political and religious persuasions as well as aesthetic and ethical temperaments have used the printed page to wage battles over free speech test racial class sexual and even culinary boundaries and to alter the moral landscape in
