asked What happens to me after I die and or Are we alone in the universe *Other Worlds* UFOs Aliens and the Afterlife takes  
readers on a journey into other galaxies and into a different time a time after all of their tomorrows How are the societies  
organized on other planets and in the afterlife This book answers this question with a new approach in the UFO and the Near  
Death Experience fields As readers take this trip they will wonder if there are universal laws governing the societies of  
intelligent beings regardless of where they reside in existence Are humans projecting into foreign forms their own beliefs  
about how societies should be arranged on Earth Why study such ethereal and controversial material We always learn about  
ourselves when we study those who are different from us whether those beings are real or not Anyone who has read a good  
book of fiction knows the validity of this point Consider how many teenagers identify with the characters in the *Hunger*  
*Games* books What follows is the sociological perspective We will explore institutions such as marriage and the family social  
classes and culture We will determine the sex of alien travelers as well as the occupations of their human witnesses We will  
learn what the afterlife looks like and discover what messages deceased beings deliver to humans      *International UFO*
