Psychologist and researcher Don Donderi examines the evidence and research from the past several decades on the changing nature of UFOs He looks at why the scientific establishment takes a dim view of UFOs and abduction evidence and examines how the US government has collected and suppressed UFO evidence UFOs ETs and Alien Abductions is a wide ranging examination of all things off planet that falls into 3 sections 1 UFOs evidence and belief between 1947 through 1965 and Cold War mysteries 2 The changing nature of UFO phenomenon from 1965 to the present which makes the case for the existence of humanoid crew members seen in and around landed UFOs This section also examines six well documented abduction cases and includes the author detailing his own research involvement with the evidence He refutes the belief that all abductees are mentally disturbed and that a psychological disturbance explains the experience 3 The third section is devoted to a very meaty and controversial analysis of science politics and UFOs The UFO Evidence Richard Hall,2001 Patterned after the first volume published in 1964 The UFO Evidence Volume II is much anticipated by the research community The book reports 30 years of UFO sightings since 1964 with related data and descriptive features organized by category Among the topics discussed are the now strongly established patterns of UFO sightings the growing evidence worldwide that UFOs represent someone s technology the history of government sponsored UFO investigations and political and human responses to UFO sightings The master chronology is an incredibly complete listing which also refers the reader to pertinent sections in the book for fuller descriptions The UFO Phenomenon Robert Davis,2015-02-28 A comprehensive perspective of evidence and future directions associated with the UFO phenomenon Includes review and analysis of studies evidence theories and research needs involving UFO topics Extensive scientific endnotes **UFO Sightings** Robert Sheaffer,1998 Engaging and entertaining this book is the most up to date on the UFO phenomenon unique because it gives the reader a broad overview of the world of UFOlogy dealing with most major cases and trends while offering references and commentary to provide a clear perspective Incidents and photographs are scrutinized within a framework of objective science Illustrated *UFO's: The Great Last Days Deception* Billy Crone,2018-03-16 Mention the topic of UFO s and Aliens and not only have most people already formed their opinions about them but virtually everyone on the planet now believes in them More people believe in Aliens than in the existence of God and more people believe that Aliens have visited planet earth than that Jesus is the Son of God Ufology has become a new religion for 21st century where people now believe that Aliens will save them not God The problem is hardly anyone recognizes the true identity of UFO s let alone how they are being used to usher in one of the darkest most deceptive times in the history of mankind Therefore this book UFO s The Great Last Days Deception seeks to equip you with the truth concerning so called extraterrestrial visitors and their hidden demonic agenda One of the biggest lies in the history of mankind is about to be foisted upon the whole world The Rapture of the Church is going to happen but it
