Wake Up Call:

Wake Up Call Glen Gutek, 2015-04-01 This book gives the right perspective to positively handle negative or unfamiliar circumstances that life invariably brings The key is to reframe these negative or surprising events in your life with the right perspective How you interpret these events and the actions that come out of them say more about you than they do the events This book looks at seven of the most common wake up calls of life that business people face Gaining a new Insight Expected Success Money Problems Failure business or personal Loss Change Belief spiritual world view Each of these whether occurring in business or personal life is an opportunity for the reader to convert an experience into personal growth and higher productivity within his or her business

Wake-up Calls Will Davis, Jr., 2005-04 I don't know about you but I need all the help I can get when it comes to spiritually jump starting my day Some days I get up and it is all I can do to concentrate on a few verses of Scripture Other days I feel tempted to blow off my twenty minutes of reading because I'm anxious that I have too much to do On such days I have found it helpful to have a source to direct my thoughts toward God I need a tool to help me rouse my weary spirit and prepare to take on yet another day of kingdom building In short I need a wake up call Do you So writes Will Davis Jr in Wake Up Calls Wake Up Calls helps bleary eyed Christians to better see God's kingdom It deals practically with such topics as temptation sin prayer relationships suffering conflict death and obedience with honesty and in your face clarity If you need a blast of kingdom reality that cuts through the morning's spiritual fog then Wake Up Calls is for you

The South Beach Wake-Up Call Arthur Agatston, 2012-10-02 From Dr Arthur Agatston creator of the South Beach Diet comes an urgent message We need to wake up to the reality of just how fat and sick we are as a nation Statistics don't lie In the past 30 years Americans have become heavier and unhealthier than at any time in our history Yet while most of us recognize the devastating toll this is taking on our lives compromising our productivity our self esteem our energy and ultimately our very longevity we seem stuck in the sedentary fast food lifestyle that got us here in the first place But there is hope In The South Beach Wake Up Call Dr Agatston sheds light on the root causes of our current health crisis and also offers clear actionable advice for addressing and reversing this growing problem He explains how inflammation brought on by our toxic lifestyle is destroying the body's ability to heal and repair itself and causing our tissues and organs to rust or grow old before their time He shows why losing that belly fat is far more than just a matter of regaining your bikini body and how lack of sleep and inadequate exercise can rob you of years of vigorous good health He also takes a close look at the American diet and what should and shouldn't be on the menu and exposes the real cost of eating out and consuming cheap fast food With a section of brand new recipes created to maximize your intake of Megafoods those foods packed with anti aging antioxidants and dense with nutrients not calories plus meal plans and an easy to follow fitness routine for increasing both core strength and cardiovascular health The South Beach Wake Up Call is an essential prescription for anyone ready for a life enhancing approach to diet and good health The book features The South Beach Wake
