What Is Self:

What Is Self? Bernadette Roberts, 2005-01-15 The renowned contemporary mystic and author of *The Experience of No Self* presents her philosophical treatise on the nature of Self and God As a Carmelite nun Bernadette Roberts pursued a life in union with God She wrote compellingly about her contemplative spiritual journey in her memoirs *The Experience of No Self* and *The Path of No Self* Now she builds on the wisdom she gained exploring the ultimate consciousness that transcends self and experience In *What Is Self* Ms Roberts explains her conceptions of the ego the self and the revelations of the contemplative life Deeply personal and profoundly spiritual this latest effort puts all of Bernadette s insights into clearer and sharper perspective as though her own journey has grown clearer with distance

A Grammar of Late Modern English, for the Use of Continental, Especially Dutch, Students Hendrik Poutsma, 1916

The Psychophysiology of Self-awareness Alan Fogel, 2009-08-25 The practice and science of feeling our movements sensations and emotions Embodied self awareness is the practice and science of our ability to feel our movements sensations and emotions As infants before we can speak or conceptualize we learn to move toward what makes us feel good and away from what makes us feel bad Our ability to continue to develop and cultivate awareness of such body based feelings and understanding is essential for learning how to successfully navigate in the physical and social world as well as for avoiding injury and stress Embodied self awareness is made possible by neuromotor and neurohormonal pathways between the brain and the rest of the body pathways that serve the function of using information about body state to maintain optimal health and well being When these pathways become compromised primarily as a result of physical injury or psychological stress and trauma we lose our ability to monitor and regulate our basic body functions This book explains the neurological basis of embodied self awareness how to enhance self awareness and how to regain it after injury or trauma
