

A scenic landscape at sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. In the foreground, there's a dark, rocky path or road. To the right, a paved road curves through the landscape. The background features rolling hills and mountains under a cloudy sky. A large, dark, semi-transparent text box is centered over the image, containing the quote. A small red rectangular box with the name 'Bruno Mars' is positioned below the main text box.

You know, I just do whatever
feels right to me! And so
that's what you're gonna get!

Within Reach Jessica Stevens,2016-05-17 Dying wasn't on seventeen year old Xander Hemlock's summer to do list Finding ways to spend more time with his girlfriend Lila was the most critical thinking he planned on doing But that was before he found himself trapped in a realm of only darkness with thirty days to convince Lila he's not actually dead well not completely anyway As Xan tries to show Lila she isn't alone she struggles to comprehend how her life has changed so completely Six months ago her life was perfect she was on her way to becoming a professional dancer her parents were still married and her boyfriend was alive But now with her anorexic tendencies stronger than ever she must decide which is the lesser of two evils letting go to be with a boy she doesn't love or holding on to the unreasonable yet overpowering feeling that Xan is still within reach and trying to show her something improbable and endearing Within Reach is a story of two soulmates discovering that sometimes it takes more than one lifetime to get it right

The Hero in Contemporary American Fiction S. Halldorson,2007-12-09 This book sets out to write nothing short of a new theory of the heroic for today's world It delves into the why of the hero as a natural companion piece to the how of the hero as written by Northrop Frye and Joseph Campbell over half a century ago The novels of Saul Bellow

and Don DeLillo serve as an anchor to the theory as it challenges our notions of what is heroic about nymphomaniacs Holocaust survivors spurious academics cult followers terrorists celebrities photographers and writers of novels who all attempt to claim the right to be hero

Channel Kindness Born this Way Foundation, Lady Gaga, 2020-09-22 A New York Times Bestseller For Lady Gaga kindness is the driving force behind everything she says and does The quiet power of kindness can change the way we view one another our communities and even ourselves She embodies this mission and through her work brings more kindness into our world every single day Lady Gaga has always believed in the importance of being yourself being kind to yourself and being kind to others no matter who they are or where they come from With that sentiment in mind she and her mother Cynthia Germanotta founded Born This Way Foundation a nonprofit organization dedicated to making the world a kinder and braver place Through the years they've collected stories of kindness bravery and resilience from young people all over the world proving that kindness truly is the universal language And now we invite you to read these stories and follow along as each and every young author finds their voice just as Lady Gaga has found hers Within these pages you'll meet young changemakers who found their inner strength who prevailed in the face of bullies who started their own social movements who decided to break through the mental health stigma and share how they felt who created safe spaces for LGBTQ youth and who have embraced kindness with every fiber of their being by helping others without the expectation of anything in return In one story you'll read about a young person with an autoimmune disease who after being bullied at school learned how to practice self love and started an organization with the mission of educating others about the importance of self love too and in another story you'll meet a young person who decided to start a movement to help eliminate the stigma surrounding mental health and encouraged others to talk about their feelings openly and honestly a reminder that kindness and mental wellness go hand in hand Not only were we moved by these individual acts of kindness but we were also touched by the many stories of organizations neighborhoods and entire communities that fully dedicated themselves to helping those in need and found new innovative ways to make our world a kinder and braver place Individually and collectively these stories prove that kindness not only saves lives but builds community Kindness is inclusion it is pride it is empathy it is compassion it is self respect and it is the guiding light to love Kindness is always transformational and its never ending ripples result in even more kind acts that can change our lives our communities and our world

The Dial Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, Marianne Moore, 1926

Argonauts Kevin Kneupper, 2016-03-28 Thousands of readers love Argonauts calling it a fantastic tale and clever rich and highly entertaining It's a new twist on an old myth It's the story of Jason a wealthy son of privilege who longs to be a warrior His father's death means Jason can finally join the Argonauts an elite group of warriors who've overhauled their genetic code It's the story of Medea a scientist who toils away in a lab changing people's genes She gives the warriors their powers but she never gets an ounce of credit And now she's found herself fighting alongside them And it's the story of an adventure turned suicide mission

all for the sake of a crown Readers love the twists on ancient Greek mythology The story of Jason and Medea is thousands of years old It was once the subject of some of the greatest plays and poems in human history but the myth has died away in recent years We remember Hercules but whatever happened to Jason Argonauts retells the old story in a near future science fiction setting with future technologies replacing ancient magic One Goodreads reviewer wrote I love mythical retellings and this is certainly one of the most innovative It shouldn't work but it does The ancient Greek names and themes actually seem to feed perfectly into the world Another reviewer said she loved the spinning of the classic tale into something futuristic and different Even if you're not a mythology expert you'll find yourself recognizing pieces of the myths Maybe you're a Game of Thrones fan who'll learn where the Harpies came from or where Cersei Lannister got her name Or maybe you're a Harry Potter fan who'll learn about the myths that inspired characters like J.K. Rowling's Amicus Carrow These authors loved the myth and you might too Readers love the science fiction premise You've heard the stories in the news Jobs being taken by robots The corporate elite revealed to be more and more corrupt Extremists all over social media Strange technologies that do things you couldn't imagine Where will it all lead Argonauts is a look at the future through the lens of the past Greek mythology was full of monsters But the monsters of the future don't come from a magic potion They've changed their genes and they aren't entirely human anymore Sci-fi fans are raving about the book One reader called it a sci-fi gem Another said it was reminiscent of Asimov and very well done And a third called it a welcome addition to the reading shelf of fans of sci-fi Even readers who aren't exactly nerds have found themselves enjoying it As a Goodreads reviewer put it I really enjoyed the book it's not a book I would normally pick up and read But branching out this time certainly paid off Readers love the romance One of the most famous romances in history was between Jason and Medea a Greek warrior marked for death and the sorceress who saved him It was a passion inspired by the gods and a love doomed to end in tragedy at least in the old myths There's no tragedy in this book but the love story is still there and reviewers love the chemistry between Jason and Medea A strong commanding warrior sent off to die in a foreign land A sorceress who starts out as his enemy but finds herself helping him instead as she falls deeper and deeper in love It was a passionate love the kind that inspired a princess to give up everything she cared about to save a hero from a foreign land In Argonauts Medea is a scientist not a sorceress but there isn't that much difference in the end Give Argonauts a try today You'll experience the myths You'll wonder about the future And you'll fall in love with Jason and Medea all for less than the price of a movie Join thousands of fans and buy your copy today
