Working High Magic:

Magic, Witchcraft and the Otherworld Susan Greenwood, 2020-08-02 Anthropology's long and complex relationship to magic has been strongly influenced by western science and notions of rationality. This book takes a refreshing new look at modern magic as practised by contemporary Pagans in Britain. It focuses on what Pagans see as the essence of magic: a communication with an otherworldly reality. Examining issues of identity, gender, and morality, the author argues that the otherworld forms a central defining characteristic of magical practice. Integrating an experiential ethnographic approach with an analysis of magic, this book asks penetrating questions about the nature of otherworldly knowledge and argues that our scientific frameworks need re-envisioning. It is unique in providing an insider's view of how magic is practised in contemporary western culture.

Magical Religion and Modern Witchcraft James R. Lewis, 1996-04-19 This comprehensive anthology examines contemporary neo-paganism ranging from goddess theology to historical critical essays. Many of the contributors are academically trained neo-pagans and the resulting volume is a benchmark study of a significant movement that promises to reshape the religious landscape of the next century.

Sacrifice of the Widow Lisa Smedman, 2010-04-07 A new chapter in the War of the Spider Queen saga begins in this spin-off series featuring priestess Halisstra Melarn. Goddesses vie for the souls of people Halisstra Melarn, former companion of Quenthel Baenre, and convert to the cause of the goddess Eilistraee. She was sent to the deepest depths of the Outer Planes to kill the demon goddess she once worshiped. Lolth, the Queen of the Demonweb Pits, the Spider Queen. Instead, Halisstra was transformed into a hideous creature bent to the vengeful will of her former mistress. Lolth not only survived her Silence but evolved into something greater than she was before: something that no longer needs to share the domain she calls her own. Could it be that the War of the Spider Queen has only now just begun?

Making Magic with Gaia Francesca Ciancimino Howell, 2002-03-01 The author of *Food Festival and Religion* shows how spiritual practices drawn from the ancient magical arts can help to heal Mother Earth. A Greenpeace activist, Wiccan High Priestess, and proud Soccer Mom, Francesca Howell has been involved in magical traditions and wildlife preservation since childhood. In this one-of-a-kind book, she shares her everyday suggestions for spiritual renewal through connecting with nature. The meditations, ceremonies, and spellcraft in *Making Magic with Gaia* spring from an ancient Pagan tradition of Earth stewardship which blends deep ecology, magic, and activism to bring the reader into a closer communion and harmony with Mother Earth. Packed with practical suggestions: recycling, gardening without pesticides, and conserving water, and mystical rituals: shamanism, crystal magic, and Power Animals for helping the planet, this book is written for anyone with a spiritual, ecological awareness. Not the witchcraft of Gothic novels, *Making Magic with Gaia* is based on a modern religion with ancient roots that can heal the Earth as it heals the practitioner.
