Business Year: Turkey 2020 ,2019-12-20 Much has changed in the Turkish economy since The Business Year s last
publication on the country in 2016 Then the economy was experiencing a sustained period of high growth at a time when
much of the rest of the world was still struggling to recover from the global recession On our 2019 return to Turkey to
produce this publication the country was in the grip of a sharp drop in its currency s value and the onset of economic
recession Beleaguered by high interest rates and a decline in domestic consumer demand companies canceled planned
investments and corporate loans began souring Despite this the year ended optimistically with the economy beating growth
estimates inflation reined in and lower global and domestic interest rates providing a needed boost in investment activity The
Business Year s country specific publications sometimes featuring over 150 face to face interviews are among the most
