Private foundations Great Britain: Parliament: House of Commons: International Development Committee,2012-01-20 The International Development Committee reports that private philanthropy is improving the lives of some of the world s poorest people but the Department for International Development DFID must do more to engage private foundations in coordinated global efforts to improve the effectiveness of aid While private foundations make a huge contribution concerns have been raised about the transparency and accountability Foundations should sign up to International Aid Transparency Initiative guidelines and be brought into global structures to ensure that they coordinate their work with other donors DFID currently engages with foundations on an ad hoc basis and the report recommends a more systematic approach to the Department s relationship with private philanthropic organisations The Committee recognises that DFID officials cannot meet all small foundations on a one to one basis but it believes that the Department should make more efforts to engage with them A designated contact official for foundations should be established and a DFID minister should hold an annual meeting with groups of smaller foundations The Department should produce a publication indicating what DFID funding foundations might apply for and how to apply DFID should include foundations as fully as possible in future development events and processes including the High Level Forum on Aid Effectiveness the forthcoming Rio 20 UN Conference on Sustainable Development and discussions of a post 2015 Millennium Development Goal Framework   *Work Related Abstracts* ,1989   **Advances in Software Engineering** Changhoon Lee,2009-11-02 As software engineering SE becomes specialized and fragmented it is easy to lose sight that many topics in SE have common threads and because of this advances in one sub discipline may transmit to another The presentation of results between diff ent sub disciplines of SE encourages this interchange for the advancement of SE as a whole Of particular interest is the hybrid approach of combining ideas from one d cipline with those of another to achieve a result that is more significant than the sum of the individual parts Through this hybrid philosophy a
