World Lit Student:

World Literature (Student) James Stobaugh, 2012-12-13 Students will be immersed into some of the greatest World literature ever written in this well-crafted 34-week presentation of whole book or whole work selections from classic prose, poetry, and drama.

Reexamining World Literature Richard Serrano, 2020-01-23 Serrano calls for a reassessment of the practice of World Literature with six case studies taken from the Arabic, Chinese, French, German, Korean, and Latin American traditions. Although in recent years the field has adopted more inclusive and wide-ranging criteria for college-level anthologies of World Literature and has seen the collection and publication of critical readers, book-length introductions, and even a history, the theoretical predisposition of most of its practitioners paradoxically has led to a shrinking of its horizons and a narrowing of its vision. *Reexamining World Literature* asks scholars to look beyond the current dominant definition of World Literature: works in English with broad reach or works in other languages with significant circulation in English translation in order to engage with a range of complex texts that elude the field's assumptions. World Literature need not be a world of shared values but instead should ask readers to question what those values are.

World Literature After Empire Pieter Vanhove, 2021-07-28 This book makes the case that the idea of a world in the cultural and philosophical sense is not an exclusively Western phenomenon. During the Cold War and in the wake of decolonization, a plethora of historical attempts were made to reinvent the notions of world literature, world art, and philosophical universality from an anticolonial perspective. Contributing to recent debates on world literature, the postcolonial, and translatability, the book presents a series of interdisciplinary and multilingual case studies spanning Europe, the United States, and China. The case studies illustrate how individual anti-imperialist writers and artists set out to remake the conception of the world in their own image by offering a different perspective centered on questions of race, gender, sexuality, global inequality, and class. The book also discusses how international cultural organizations like the Afro-Asian Writers Bureau, UNESCO, and PEN International attempted to shape this debate across Cold War divides.

Readings in World Literature Srikanth Reddy, 2012 *Readings in World Literature* is the daybook of a speaker haunted by the prospect of perpetual night. Cast in the form of lecture notes for an imaginary course in the humanities, this extended prose sequence combines academic satire, a survivor's memoir, translations from obscure works of world literature, and a postmodern journey through the underworlds of various cultures. Accompanied by a class full of skeptical students, some in headscarves, some occasionally dressed in fatigues, the quixotic protagonist of this volume undertakes to scale the Tower of Babel that is world literature and learns in the process that learning itself may count for precious little in the final reckoning. Contrary to the accounts of Mu Lián, Odysseus, and Kwasi Befo, this speaker discovers it is not customarily permitted to visit the underworld. No, the underworld visits you.
