Young Warren Sings! Sonya Sardon,2004-12 Being afraid is not much fun You feel squishy inside and you re not sure what to do Warren knows all about being afraid When he is asked to sing a solo in his school s annual spring program he is struck with stage fright [American Opera Singers and Their Recordings](#) Clyde T. McCants,2004-08-06 This book focuses on American opera singers and what their recordings say about their artistry It is not a book about all American opera singers since many who had important careers on stage made few if any recordings And many of those who did make recordings did so prior to the introduction of electrical recording in 1925 and the resulting advances in the reproduction of the human voice Opera enthusiasts can only imagine the sound of Farinelli s voice or read what his contemporaries have written about it but with almost any famous or near famous singer of recent years enthusiasts do not have to imagine Their voices are available through the technology of sound recording There are 53 entries one each for 52 singers and a composite entry for a group of Hollywood vocalists Each entry contains biographical information and is followed by a discography of operatic recordings to be used in conjunction with the critical commentaries The entries are in alphabetical order by the singer s last name and provide critical analyses of key recordings and of the artists gifts and limitations **Sailor Chanties and Cowboy Songs** Charles Joseph Finger,1923 [Daisy Bell](#) Harry Dacre,1925 *Here Comes the Night* Joel Selvin,2014-04-15 I don t know where he s buried but if I did I d piss on his grave Jerry Wexler best friend and mentor Here Comes the Night Bert Berns and the Dirty Business of Rhythm and Blues is both a definitive account of the New York rhythm and blues world of the early 60s and the harrowing ultimately tragic story of songwriter and record producer Bert Berns whose meteoric career was fueled by his pending doom His heart damaged by rheumatic fever as a youth doctors told Berns he would not live to see twenty one Although his name is little remembered today Berns worked alongside all the greats of the era Jerry Leiber and Mike Stoller Ahmet Ertegun and Jerry Wexler Burt Bacharach Phil Spector Gerry Goffin and Carole King anyone who was anyone in New York rhythm and blues In seven quick years he went from nobody to the top of the pops producer of monumental R B classics songwriter of Twist and Shout My Girl Sloop and others His fury to succeed led Berns to use his Mafia associations to muscle Atlantic Records out of a partnership and intimidate new talents like Neil Diamond and Van Morrison he signed to his record label only to drop dead of a long expected fatal heart attack just when he was seeing his grandest plans and life s ambitions frustrated and foiled **Lester Leaps In** Douglas H. Daniels,2003-02-17 He was jazz s first hipster He performed in sunglasses and coined and popularized phrases like that s cool and you dig He always wore a suit and his trademark porkpie hat He influenced everyone from B B King to Stan Getz to Allen Ginsberg creating a lyrical style of playing that forever changed the sound of the tenor saxophone In this groundbreaking biography of Lester Young 1909-1959 historian Douglas Daniels brings to life the man and his world and corrects a number of misconceptions Even though others have identified Young as a Kansas City musician Daniels traces his roots to the blues of Louisiana and his

early years traveling with his father's band and the legendary Oklahoma City Blue Devils. Later we see the jazz culture of New York in the early 1940s when Young was launched to national and international fame with the Count Basie Orchestra and began to accompany his close friend Billie Holiday. After a year spent in an Army prison on a conviction for marijuana use, Young made changes in his music but never lost his sensitivity or soul. The first ever to gain access to Young's family and many musicians who performed with him, Daniels reconstructs the world in which Young lived and played the racism that he and other black musicians faced, the feeling of home and family that they created together on the road, and what his music meant to black audiences. Young emerges as a kind friend, a loving parent, and a gentle and sensitive man who had in the words of Reginald Scott, "the saddest eyes I ever saw." The Musical Monitor, 1915 Affect and Power David J. Libby, Paul Spickard, Susan Ditto, 2009-09-18. In 1968 Winthrop D. Jordan published his groundbreaking work *White Over Black: American Attitudes toward the Negro, 1550-1812* and opened up new avenues for thinking about sex, slavery, race, and religion in American culture. Over the course of a forty-year career at the University of California and the University of Mississippi, he continued to write about these issues and to train others to think in new ways about interactions of race, gender, faith, and power. Written by former students of Jordan, these essays are a tribute to the career of one of America's great thinkers and perhaps the most influential American historian of his generation. The book visits historical locales from Puritan New England and French Louisiana to nineteenth-century New York and Mississippi, all the way to Harlem swing clubs and college campuses in the twentieth century. In the process, authors listen to the voices of abolitionists and white supremacists, preachers and politicians, white farm women and black sorority sisters, slaves and jazz musicians. Each essay represents an important contribution to the collection's larger themes and at the same time illustrates the impact Jordan exerted on the scholarly life of each author. Collectively, these pieces demonstrate the attentiveness to detail and sensitivity to sources that are hallmarks of Jordan's own work.
