Materials Hattie Hartman, Joe Jack Williams, 2024-03-01 The environmental impacts of construction are momentous How can architects minimise these by making responsible material choices Material choices have a global impact The design and

construction industry are responsible for 39% of all carbon emissions in the world Despite the great desire among architects to address this it can be difficult to compare materials directly let alone understand the repercussions of selecting materials for use in different parts of a building or of sourcing them from across the world Showcasing the latest thought leadership from subject experts across the industry this primer sets out the various considerations and parameters for specifying a particular material It empowers architects with the knowledge of which materials are available how best to use them and what their future holds as the industry continues to innovate Each chapter will be devoted to a single material and will consider environmental impacts holistically looking at health and biodiversity impacts among other issues Featuring Chapters written by subject experts including Duncan Baker Brown Carol Costello Graham Coult Barbara Jones Rowland Keable Bruce Martin Michael Stacey and Oliver Wilton Mainstream and burgeoning materials including aluminium bamboo brick concrete cork hemp mycelium plastics steel stone and timber Diagrams graphics and illustrated exemplars

Glimpsing Heaven Martin A. Lopez,2021-08-03 The author Martin A Lopez self is a late in life father who wondrously transformed when his children arrived in his life He changed from a compassionless pawn of the polluters oblivious consumer part of the throw away culture suffering from severe nature disconnect and blind to the environmental devastation happening to humanity Through his children he became filled with a mountainous emotional connection with them and ultimately to humanity and nature At the same time he became inspired to take action to fight for nature This journey of metamorphosis includes poems personal essays about nature and an analysis about solutions He candidly identifies the villains and saints destroying our children s future and gives us a moral and a scientific perspective He provides a poetic approach for our teachers to educate about the environmental disaster He further provides an understandable approach to saving our planet Glimpsing Heaven is an inspired father s unique portrait of parenthood eye opening love and the world s environmental challenges
