I've trained hundreds of new staff on how to teach swimming and have compiled a long list of skills terms and techniques to make swimming instruction more effective in a new teacher's hands. Want to teach your 16 year old novice how to teach a swim lesson so you aren't cringing and biting your nails as you watch? Give them this book to review the discussion items together and evaluate their understanding with four included worksheets. Not sure how you describe the nuance and importance of using command language in your classes? Use this training workbook and discuss how to be a better communicator. Did you just hire a swim instructor that has never taught a lesson before and doesn't even know what a front glide is? Maybe they've never heard of streamline. Give them a copy of this training workbook and they'll learn the 15 essential swim skills and how to teach them. From language scripts pictures and guides this training guide has it all.
