The Kangchenjunga Adventure Frank Smythe,2013-11-15 We went to Kangchenjunga in response not to the dictates of science but in obedience to that indefinable urge men call adventure In 1930 an expedition set out to climb the world s third highest mountain Kangchenjunga As yet unclimbed a number of attempts had been made on the peak including two in the previous year The Kangchenjunga Adventure records Frank Smythe s attempts as part of an international team to reach the summit how a deadly avalanche which killed one of the sherpas brought an end to their climb and how they turned their attentions instead to Jonsong Peak which offered a more appealing alternative to risky assaults on the greatest peaks Smythe s books from this period give compelling reads for anyone with an interest in mountaineering riveting adventures on the highest peaks in the world keen observations of the mountain landscape and a fascinating window into early mountaineering colonial attitudes and Himalayan exploration Smythe was one of the leading mountaineers of the twentieth century an outstanding climber who in his short life he died aged forty nine was at the centre of high altitude mountaineering development in its early years He climbed extensively in the Alps gained the summit of Kamet the highest peak then climbed in 1931 and on the 1933 Everest Expedition reached a point higher than ever before achieved Author of twenty seven immensely popular books he was an early example of the climber as celebrity The Kangchenjunga Adventure, Etc. **My Father, Frank** Tony Smythe,2015-02-05 Biography of a seminal but often unheralded figure in high altitude climbing Written by his son Tony Frank Smythe was himself a prolific author Important addition to Mountaineer Books Legends and Lore series Frank Smythe like Eric Shipton is associated with early Everest explorations and was a member of three expeditions to the mountain At a time when it was ungentlemanly to make a living by climbing Smythe wrote more than a dozen popular books based upon his travels to high places one of them being the first ascent of Kamet 25 447 feet in 1931 which was the first time any climber had gone beyond 25 000 feet Two years later he reached the highest point climbed on Everest 28 200 feet He also climbed in Britain the Alps Canada and Alaska He and Graham Brown established two new routes on the Brevna face of Mont Blanc In short he has serious climbing credentials As the title hints this is a biography by Frank s son Tony but it isn t based solely on personal memories Frank was away from home for long periods and died when Tony was only fourteen Instead this book is based on thirteen years of research Frank s parents meeting and marriage Frank s early school years his first climbs his training for various jobs his gradual rise to fame and fortune his friendships his war years and his sudden death are all covered Like his father Tony has a strong understanding of how to tell a story that appeals to both climbers and general lovers of nonfiction adventures

**Climbs and Ski Runs** Frank Smythe, 2014-02-07 Why do you climb The mountaineer has no answer to this question The best things in the world cannot adequately be expressed in speech or print they are part of the soul In **Climbs and Ski Runs** Frank Smythe takes the reader on Alpine ski trips and Dolomite adventures up first ascents in North Wales and on to the mighty Brenva Face of Mont Blanc He places pebbles for runners shoots crevasses and is struck by lightning And yet all the while he perfectly captures the moments that make climbing and mountaineering so special moments that will resonate with anybody who has spent time in the hills Frank Smythe was among the leading mountaineers of the early twentieth century and one of the finest climbing writers ever to put pen to paper In **Climbs and Ski Runs** he documents his early forays into the mountains giving a remarkable insight into that period of climbing and mountaineering Yet it is not this that makes the book special It is Smythe's ability to observe and recreate his surroundings and to write so compellingly about the climber's response to them and to the moments of difficulty and danger that brings **Climbs and Ski Runs** to life
