ceiling and illuminating his relationships with popes and other illustrious patrons A lifelong friend Vasari also quotes generously from the correspondence between the two men the narrative is further enhanced by an abundance of colorful anecdotes The volume s forty two illustrations convey the range and richness of Michelangelo s art An introduction by the scholar David Hemsoll traces the textual development of Vasari s Lives and situates his biography of Michelangelo in the broader context of Renaissance art history *Michaelangelo: Selected Readings* William Wallace,2013-08-21 Michaelangelo Selected Readings is the long awaited condensation of the five volume English article collection of Michaelangelo s life Selections include Life and Early Works The Sistine Chapel San Lorenzo Tomb of Julius II and Other Works in Rome and Drawings Poetry and Miscellaneous Studies **The Sistine Chapel Ceiling by Michelangelo** Paul den Arend,2015-06-29 he Sistine Chapel ceiling is one of the most beautiful and important artworks ever created Even though Michelangelo considered himself a sculptor he managed to paint an enormous influential work Today more people than ever flock to the Sistine Chapel to see it A visit to Rome or Italy is not complete without it Most people just look at the painting and are struck by its beauty To truly appreciate this work however you have to know a little bit about it If you know why this work was so influential and why we still today stand in line for many hours to go and see it you will appreciate this monumental work even more Michelangelo did not just paint a few scenes from the bible and that was it There is a story behind every fresco inside the Sistine Chapel and this book will tell you all these stories and hopefully make you enjoy the Sistine Chapel even more whether you just look at it from pictures or go see it in real life **The Sistine Chapel** Ulrich Pfisterer,2018 The art of the Sistine Chapel decorated by artists who competed with one another and commissioned by popes who were equally competitive is a complex fabric of thematic chronological and artistic references Four main campaigns were undertaken to decorate the chapel between 1481 and 1541 and with each new addition fundamental themes found increasingly concrete expression One overarching theme plays a central role in the chapel the legitimization of papal authority as symbolized by two keys one silver one gold to the kingdom of heaven The Sistine Chapel Paradise in Rome is a concise informative account of the Sistine Chapel In unpacking this complex history Ulrich Pfisterer reveals the remarkable unity of the images in relation to theology politics and the intentions of the artists themselves who included such household names as Botticelli Michelangelo and Raphael Through a study of the main campaigns to adorn the Sistine Chapel Pfisterer argues that the art transformed the chapel into a pathway to the kingdom of God legitimizing the absolute authority of the popes First published in German the prose comes to life in English in the deft hands of translator David Dollenmayer *Rethinking the High Renaissance* Jill Burke,2017-07-05 The perception that the early sixteenth century saw a culmination of the Renaissance classical revival only to degrade into mannerism shortly after Raphael s death in 1520 has been extremely tenacious but many scholars agree that this tidy narrative is deeply problematic Exploring how we can reconceptualize the High Renaissance in a way that reflects how we research and teach today this volume complicates and deepens our understanding

of artistic change Focusing on Rome the paradigmatic centre of the High Renaissance narrative each essay presents a case study of a particular aspect of the culture of the city in the early sixteenth century including new analyses of Raphael s stanze Michelangelo s Sistine Ceiling and the architectural designs of Bramante The contributors question notions of periodization reconsider the Renaissance relationship with classical antiquity and ultimately reconfigure our understanding of high Renaissance style
