## **The Tyger:**

**The Tyger** William Blake, 1969      **The Visionary Company** Harold Bloom, 1971 Discusses the works of William Blake William Wordsworth Samuel Taylor Coleridge George Gordon Lord Byron Percy Bysshe Shelley John Keats Thomas Lovell Beddoes John Clare George Darley and others      **The Master Shipwright's Secrets** Richard Endsor, 2020-03-05 AWARDED THE ANDERSON MEDAL 2020 This splendid book will appeal to maritime historians archaeologists model makers and nautical enthusiasts across the board Colin Martin The Nautical Archaeology Society A remarkable piece of work J D Davies Historian and Author Inspired by the recent discovery of mathematically calculated digital plans for a fourth rate ship by the Deptford master shipwright John Shish The Master Shipwright's Secrets is an illustrated history of Restoration shipbuilding focused on the Tyger one of the smaller but powerful two deck warships of the period It examines the proceedings of King Charles II in deciding the types of ship he wanted and his relationship with his master shipwrights This fascinating book reveals the many secrets of Charles II's shipwrights through an analysis of John Shish's plans for the Tyger revealing innovative practical calculations which differ significantly from the few contemporary treatises on the subject and the complicated process of constructing the moulds necessary to make the ship's frame All the other duties performed by the master shipwrights such as repairing ships controlling their men and keeping up with the latest inventions are also discussed in detail The Master Shipwright's Secrets is replete with beautiful and detailed illustrations of the construction of the Tyger and explores both its complicated history and its complex rebuilding complete with deck plans internal sections and large scale external shaded drawings The title also explores associated ships including another fourth rate ship the Mordaunt which was purchased into the Navy at the time and underwent a dimensional survey by John Shish A rare contemporary section drawing of another fourth rate English ship and constructional drawings of Shish's later fourth rate ship St Albans are also included      **Knight of the Living Dead** Kathleen Lundeen, 2000-11 In Knight of the Living Dead Kathleen Lundeen investigates Blake's work in the context of his spiritualistic practices and shows how he attempts to create a discourse that circumvents the binary of natural and arbitrary signs Her examination of his word image art demonstrates that in Blake's view what we recognize as word or image depends upon our epistemological orientation just as what we term matter or spirit is determined by our state of perception It further shows how Blake critiques textual theory in both his songs and prophecies by stabilizing the two sets of parameters that are used to define and classify signs the general and particular and the literal and figurative Moreover she argues Blake provides an epistemological alternative to empiricism and rationalism in his poetry and art Through verbal and visual experiments he defies the logic that is rooted in sense perception and reason and he attempts through those experiments to return textuality to a divinely literal condition By treating spiritualism as an aesthetic practice and art as an otherworldly communication he undermines the institutionalized boundaries in art and life and presents a formidable challenge to the whole matter spirit dualism upon which Western culture is based BOOK JACKET Title
