Free Ride David Brock,Paul Waldman,2008-03-25 We live in a gotcha media culture that revels in exposing the foibles and hypocrisies of our politicians But one politician manages to escape this treatment getting the benefit of the doubt and a positive spin for nearly everything he does John McCain Indeed even during his temporary decline in popularity in 2007 the media continued to support him by lamenting his fate rather than criticizing the flip flops and politicking that undermined his popular image as a maverick David Brock and Paul Waldman show how the media has enabled McCain s rise from the Keating Five scandal to the underdog hero of the 2000 primaries to his roller coaster run for the 2008 nomination They illuminate how the press falls for McCain s straight talk and how the Arizona senator gets away with inconsistencies and misrepresentations for which the media skewers other politicians This is a fascinating study of how the media shape the political debate and an essential book for every political junkie

*Applied Spirituality: Seeing Through the Illusion of Our Separateness* Robert Colacurcio,2015-10-14 This volume is a compilation of six smaller books that were published between 2012 and 2014 They were written as though I were taking dictation Some higher power unlocked the gates of inspiration and articulation and I wrote almost continuously for three hours every day without ever first composing an outline for any of these books Instead of coming out as gibberish they form a coherent and I feel cogent whole and so I have grouped them together in one volume Performance excellence in any field requires among other things a clear goal that can be methodically approached incrementally in manageable steps and stages Without a clear goal there can be no cogent methodology Accomplishment in the practice of a spiritual discipline that leads to excellent results is no different Together these books offer a clear goal and method for accomplishing what I feel is the universal target of every valid form of spiritual practice namely seeing through the illusion of our separateness This goal is

universal to every form of spiritual aspiration The methods outlined in this book therefore bypass every form of sectarianism They can be applied and practiced by anyone of any faith who is sincerely motivated to deepen in the spirit that unites us all
