After Death Sekhar Reddy Vasa, 2020-12-24 Dear readers, generally authors exhibit their expertise on the subject that they are writing about based on their experiences. But writing about death and the life after is not easy as it cannot be seen and cannot be experienced. It is very difficult to understand death and the life after even if someone explains to us since it is invisible to the human eye. However, the Bible tells us very clearly about the journey of souls after death. It took a lot of effort to make every point written in this book to be biblical because no one will believe if I write about the journey of souls without proper references. I am happy to say that this book is complete to some extent as I am able to find biblical references for the journey of souls after death. Where are the souls of our forefathers that died before us? This question makes us curious to know the truth. At the same time, the thought of death and life after causes us to get frightened and we then try to avoid thinking about it. Only a few of us realize that there is a long life after our death. This book is a great gift for those who want to know more about it.
