**The Arkadion** Elias Rubenstein, 2025-01-10

The Arkadion reveals the seven hidden principles of Hermeticism and offers keys to deciphering cosmic correlations. This book goes far beyond the known and opens up deep insights into the principles that govern our existence: Unity, Abundance, Evolution, and Perfection. With this work, Dr. Elias Rubenstein takes Hermeticism to a new level, revealing areas that have never before been published with such clarity and depth. Those who know the 7 Hermetic principles of the Kybalion will find The Arkadion an indispensable extension, an invitation not only to understand the universal principles but also to live them. With a unique combination of wisdom and practice, this book takes the reader on a transformative journey from the essence of matter to the realization of the divine. This work is more than a book; it is a living mosaic of truth that inspires the reader to rediscover their role in the cosmic fabric. It shows how the deeply hidden knowledge of Hermeticism can be applied to one's own life, not only to grow spiritually but to act as a conscious co-creator of the cosmos.

Indwelling the Forsaken Other J. Matthew Bonzo, 2009-02-01

Indwelling the Forsaken Other is a critical reading of Jürgen Moltmann's ethics of discipleship. While Moltmann's notable turn to the inner life of the Trinity as a source for his reflections on the life of the church is influential, it is not without problems. The call emerging from Moltmann's reflection upon Trinitarian life to copy God in our relationships may offer some general direction for our actions; however, it also raises several questions. Two important questions for this work are: In what way are we to copy God, and what conditions make it possible to copy God? Moltmann's answers to these questions are insufficient, and consequently, he fails to protect the difference between Creator and creation in his analogia relationis. As a result, the ethical direction of Moltmann's work seems to be increasingly muddled and, at best, paradoxical.
