Written by one of the most knowledgeable and internationally celebrated pipe and cigar authors of our time, Richard Carleton Hacker's well-known wit and wisdom will keep the reader enthralled with every turn of the page as he takes you on an information-packed tour of cigars. Starting off with a history of cigar smoking, the author then shows us how cigars are made today, handmade, handrolled, and machine-made. He divulges the secrets of finding the perfect cigar and discusses the ritual of smoking and how to properly care for and store our cigars. From there, the book lists a number of innovative cigar accessories, suggests which beers, wines, whiskeys, brandies, and cognacs go with what cigars, enlightens us with a chapter on cigar smoking celebrities, and concludes with the world's first International Compendium of virtually every cigar brand known today, complete with histories and observations on taste according to the author's HPH Highly Prejudiced Hacker Scale ratings. If that was not enough, there is even a dictionary of CigarSpeak. *The Ultimate Cigar Book* is the most comprehensive, factual, and up-to-date book for the cigar smoker or for those who just want to learn more about the fascinating and popular world of cigar smoking.
