

Collaboration model framework for productivity enhancement

The highlighted slide illuminates essential factors such as communication, coordination, and cooperation, presenting a collaboration model framework for enhancing productivity. This framework serves as a strategic tool, fostering improved teamwork and efficiency within the organization.

Collaborative dimensions

- Coordination, Cooperation, Communication

Communication

- Enables information sharing and sense-making
- Crucial for collaborative activities
- Sense-making interprets information for understanding

Coordination

- Manages dependencies between activities
- Links directly to productivity in supply chain management
- Central practices: Resource-pooling and goal-congruence
- Resource-pooling allocates resources; goal-congruence aligns goals

Cooperation

- Entities work together for the overall goal
- Improves organizational performance
- Facilitated by leadership
- Involves cross-functional activities and employee empowerment
- Aims for decentralized decision-making with interconnected roles for better productivity
