Wake Of Deconstruction:

The Wake of Deconstruction Barbara Johnson,1994-01-01 Is deconstruction dead Was it ever alive What gives these questions their urgency is what Barbara Johnson sees to be the continuing determination by journalistic commentators to misrepresent to misread or not to read the writings by such theorists as Jacques Derrida and Paul de Man Similarly at the heart of the problem for her is the determination of feminist and other politically engaged writers to assert the disabling consequences for activism that deconstructive reading promotes The celebration of ambiguity and other forms of polysemy in contemporary literary theory she argues has been strangely yet persistently falsified a a denial of meaning *The Wake of Desconstruction* Barbara Johnson,1994-08-15 Is deconstruction dead Was it ever alive These are the questions discussed in Barbara Johnson s *The Wake of Deconstruction* d What gives these questions their urgency is what Johnson sees to be the continuing determination by journalistic commentators to misrepresent to misread or to ignore the writings by such theorists as Jacques Derrida and Paul de Man **Traveling Theory** A. J. Hoenselaars,1999 This volume studies the impact of French thought on the American world of learning during the 1970s and the 1980s as well as the American response to the various discourses ranging from literary theory and philosophy to psychoanalysis and anthropology The typical American reception of Derrida Lacan and Deleuze is discussed as well as the accommodation of French feminists including Cixous Wittig and Irigaray Studies in the Literary Imagination ,1985 James Joyce Len Platt,2011-10-06 Introduces the work of James Joyce the literary historical and political contexts in which he wrote and his critical reception up to the present day

Kramer,1985 Differences ,2006 Peculiar Language Derek Attridge,2004-08-02 First published in 1988 Peculiar Language is now established as one of the most important discussions of the language of literature This thought provoking book challenges traditional notions of literary criticism arguing that all attempts by writers critics and literary theorists to define the language of literature have involved self contradiction Through examination of key moments in literary history Derek Attridge demonstrates that such contradictions in accounts of literary language are embedded in our cultural concept of literature and asserts that in order to appreciate the forces that determine the limits of literary language we must look beyond the realm of the literary and embrace the wider political and social sphere Re issued as a result of sustained critical interest in the book this edition includes a new preface by the author *Awakening Instinct * Running the Gauntlet * Windows Through Time* Ariole K.

Alei,2006 A call to compassionate awakened action alike Marianne Williamson s speech for Nelson Mandela in A Return to Love A brain bath this collection of three astute inter woven writings opens the human mind far beyond the reaches of analytical thinking Inspired by processes of deep intuition these treasures awaken us to the spirit within and the great mystery without rekindling our memory of the puzzle of which we are all a part Awakening Instinct is a treatise on the vital need for humans to de fossilize their latent powers their Barometers of Time lamps with which to light their path Running the Gauntlet opens our hearts wide to experiencing our full potential and recognizing the gauntlet we must run to fully embody it Windows Through Time leaps into the unknown like a Vision Quest bringing back great riches of conscious understanding In its gentle yet remarkable journey it makes the nameless uncharted universe tangible and accessible A graceful powerful life changing read

Heart of Darkness Joseph Conrad,2011-03-01 This volume presents the text of the 1921 Heinemann edition of Conrads classic short novel along with documents that place the work in historical context and critical essays that read Heart of Darkness from several contemporary critical perspectives The text and essays are complemented by biographical and critical introductions bibliographies and a glossary of critical and theoretical terms In this third edition the section of cultural documents and illustrations is entirely new as are two recent exemplary critical essays by Gabrielle McIntire and Tony C Brown that synthesize a variety of current critical approaches

New Romanticisms David L. Clark,Donald C. Goellnicht,1994-10-31 As a whole the collection highlights the many ways in which contemporary theory has complicated our conception of Romanticism Yet Romantic texts are not merely read through theory they are shown to be sites of various forms of theorization themselves Above all the essays reveal the conflicting pressures at work within and among Romantic writers whose texts are characterized by multiple strands of significance that entwine but do not build towards a synthesis

The Wooster Group and Its Traditions Johan Callens,2004 This is the first collection of critical essays to appear about the Wooster Group Since the 1970s this groundbreaking New York based performance company has led the way in crystallizing the conditions of contemporary stage practice at the intersection of several cultural and artistic traditions As demonstrated by the assembled critics each of them an authority in the field these traditions extend into the past as well as into the future through the Wooster Group s impact on the latest generation of performance artists The company s consequent institutionalization is posited and challenged in the essays constituting Part I of the collection Part II tackles the work in progress mapping its idiomatic stage vocabulary and providing case studies ranging from Frank Dell s The Temptation of St Antony to To You The Birdie Phedre Part III presents productions by kindred artists such as Elevator Repair Service the Builders Association Cannon Company and Richard Maxwell Lavishly illustrated with photographs this collection should prove invaluable to anyone with an interest in the current theatrical scene and its place in the wider institutional artistic and historical contexts
