Henri Daniel-Rops, 2007-03 Some people look at the Bible and see a collection of stories that teach us how to live good and happy lives Others regard it more as a historical record of the Jewish and Christian peoples Still others prefer to stress that Scripture is nothing less than the voice of God revealed to mankind In this classic work you ll discover that the Bible is all of these things and more Written especially for average Catholics who often find the Bible intimidating What is the Bible makes sense of the sprawling scope of Sacred Scripture With patience clarity and great learning beloved popular scholar Henri Daniel Rops sheds light on the Bible s divine origins its structure and content its rich layers of meaning and its place at the heart of Catholic doctrine and worship

These Are Written Peter Nafzger, 2013-05-31 Today there is an increasing

awareness and availability of the sacred writings of the world's religions. This raises important questions about the Christian Scriptures. What is distinctive about these writings? What role do they play in the Christian story? What makes these particular texts holy? The modern battle for the Bible with its narrow focus on proving or disproving biblical inerrancy has made it difficult to provide sufficient answers. This work of constructive theology rethinks the concepts, categories, and assumptions that have dominated the modern approach to the Bible by returning to the biblical narrative and its focus on the cross. It identifies the Scriptures as the written form of the living and active Word of God which was spoken by the prophets and apostles and became human in the person of Jesus Christ. This conception of the Bible provides Christians in this postmodern world with a solid ground from which to address pressing questions about canon, authority, and interpretation of their Scriptures.

The Parabiblical Texts Daniel K. Falk, 2007-05-03. This book introduces the reader to a fascinating genre of writings that retell biblical narratives in various ways. They reflect the concerns and methods of early Jewish interpreters of Scripture. Daniel Falk surveys the content and major scholarly issues of three key examples: Genesis Apocryphon 1QapGen, Reworked Pentateuch 4Q158, 364, 5, and Commentary to Genesis 4Q252, 4. Particular attention is paid to exploring why and how the authors interpret the Scriptural text in their distinctive ways. The book traces continuity and discontinuity with other Jewish and Christian traditions and reflects on the significance of these texts for the status of Scripture and the boundary between Scripture and interpretation. Drawing on the latest research and reconstructions of the texts and with extensive bibliographies, this is an authoritative guide for the student or the non-specialist scholar.

The Bible an Outgrowth of Theocratic Life David Worthington Simon, 1886

Mission Shaped by Promise Jukka A. Kääriäinen, 2012-10-03. Utilizing resources from Martin Luther and the Lutheran tradition, this study offers an understanding of the gospel as promise as key to addressing the challenge of relating the *missio Dei* to a generous, constructive approach toward the religious other. In its construction of a Lutheran missiology, it retrieves and reappropriates four resources from the Lutheran tradition: the gospel as promise, the law-gospel distinction, a theology of grace as promise of mercy fulfilled, and a theology of the cross utilizing the hiddenness of God. The law of God as accusing yet webbing humanity to its Creator; the gospel as the comforting promise of mercy and the hiddenness of God as mystifying form; the overarching framework within which the Lutheran missiology presented here seeks to engage the religious other by dialectically relating gospel proclamation and dialogue. Such a view of mission shaped by promise offers the paradox of God being both revealed and hidden in the cross as a distinctive contribution to an interreligious dialogue centered on the ambiguity and hiddenness of God.
