Belknap,1984 This magnificent volume provides a definitive study of the great Abstract Expressionist artist s work as a printmaker This long awaited third edition documents and reproduces all his graphic work to 1990 covering more than 450 prints The text includes an extensive series of interviews with master printers and publishers     *The International Studio* Charles Holme,Guy Eglinton,Henry James Whigham,William Bernard McCormick,Peyton Boswell,1920     **Women's Work** Sigrid Weltge-Wortmann,1993 Resurrecting the work of gifted craftswomen too long denied their place as pioneers in their field Women s Work Textile Art from the Bauhaus unearths a missing chapter in the story of the most important institution in the history of modern design The Bauhaus defined modern design in the twentieth century As the preeminent design phenomenon of the era almost every aspect of it has been minutely examined Yet the Weaving Workshop the longest standing and most successful of all Bauhaus workshops has been neglected for one simple reason when the first wave of brilliantly talented women arrived at the school they soon discovered that Bauhaus founder Walter Gropius could not sustain his ringing declaration of equality between the beautiful and the strong gender Textiles in the hierarchy of art and design were to be women s work Their results however were remarkable both in the early days of artistic expression in Weimar and in later developments in the textile industry The craftswomen responded to the demands of advanced technology with fabrics that incorporated new or unusual materials such as Cellophane leather and early synthetics which had acoustic and light reflecting properties They produced multi

layered fabrics cloths with double and triple weaves and later made extensive use of the jacquard loom The result was a rebirth of hand weaving and new professionalism in designing textiles for mass production In this model study superlatively documented with rare or little seen photographs of the textiles and their makers Sigrid Wortmann Weltge captures the heady atmosphere of creative excitement at the Bauhaus Original archival research and interviews both with survivors and their students and with leading contemporary designers detail the workshop s history and its enduring legacy When the Nazis closed the institution in 1933 its members dispersed to Switzerland Holland England France Russia Mexico and throughout the United States their ideals and influence live on in marvelous fabrics still being produced today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Texas Outlook** ,1928
