## Young Victoria:

**The Young Victoria** Deirdre Murphy, 2019-01-01 A vivid portrait of Queen Victoria's childhood offering new insights into one of the most celebrated but often misunderstood monarchs in British history 200 years after her birth This beautiful extensively researched volume investigates the birth and early life of one of the most familiar British monarchs Queen Victoria 1819-1901 A wealth of material including many unexamined sources and unpublished images sheds new light on Victoria's youth Included here are portraits of the queen as princess childhood diaries and sketchbooks clothing jewelry and correspondence Deirdre Murphy paints a vivid picture of Victoria's early years Among her most surprising conclusions is the idea that the queen's personal mythology of a childhood characterized by sadness and isolation is less accurate than is generally thought Victoria's personal relationships are brought brilliantly to life from her affectionate but increasingly suffocating bond with her mother the Duchess of Kent to the controlling influence of Sir John Conroy a man she came to despise and her courtship with Prince Albert Lesser known figures are also explored including Victoria's first schoolmaster the Reverend George Davys her governess Louise Lehzen and her half sister Feodora This fascinating cast of characters enhances our image of Victoria who emerges as both willful and submissive fickle and affectionate and with the explosive temper of her Hanoverian ancestors

**The Young Victoria** Alison Plowden, 2000 Born in 1819 Victoria was the daughter of Edward Duke of Kent Left fatherless at the age of eight months her early years were difficult brought up by her German mother in an atmosphere of family feuds and jealousy Succeeding to the throne at 18 however she began a triumphant reign
