Dear Brown University Admissions Team,

I'm writing to express my interest in studying at Brown University. I am confident that I would be well-suited to pursue a major in English Literature at your university. After visiting Brown on a campus tour last year, I knew it was a place where I would thrive. Brown's concentration in English Literature directly suit my goals as an aspiring professor and its Open Curriculum would allow me to explore my other passions in art and theatre. I would be thrilled at the prospect of working alongside your faculty to develop my interests and passions.

My academic background has prepared me to succeed in Brown's rigorous curriculum. I have maintained a 4.0 GPA throughout my time in high school, despite taking a challenging course load. While my primary interest lies in English, I've also developed my skills across several academic subjects and am currently taking AP Calculus BC and AP Physics in my senior year. I've also worked to create my own educational opportunities by building an independent study course in literary representations of femininity in the nineteenth century. I am currently pursuing this course alongside my regular course load with the support of my school's English department.

I have also demonstrated leadership and engagement outside of the classroom. Since my freshman year, I have worked as a key teaching artist and curriculum coordinator at my local children's theater. In this position, I have led free, inclusive theater classes for children and young adults who otherwise would not have access to these programs. I have also taken on various leadership roles within my school, where I serve as the president of our Student Theater Council and as a general member of our student government. In these roles, I have learned how to collaborate and communicate with others in order to achieve a common goal. I feel that these experiences, alongside my academic skills, would make me a valuable addition to Brown University's student body.

I would be thrilled to be a part of Brown University's Class of 2026 next incoming class. I am committed to achieving excellence in my coursework and beyond, and I look forward to engaging deeper with my passions and interests throughout my college career. I feel that the English Literature program at Brown would give me an opportunity to thrive.

Thank you, and please reach out if you require any further details.

Sincerely,

Amalia Smith

Dream College Acceptance Shu Yang, 2016-09-22

Could it be this EASY to write college application essays that COMPEL admissions judges to accept you even if you don't have high grades or SAT scores? The answer is Yes, and if you want to eliminate every possibility of getting rejected from colleges because of your application essay and start writing an essay that gets you into your DREAM COLLEGE regardless of your grades or SATs, then this will be the most important book you will ever read. But before you start, I have a few important questions for you. Think carefully as you answer: Do you have a college that if you are accepted WOULD MAKE YOUR DREAM COME TRUE, but you feel that your chances are remote? Are you worried that your grades and SAT scores are not good enough to guarantee your acceptance into your dream college or any decent colleges? Are you afraid that you don't have any particularly impressive experiences to discuss in your college application essay? If you answered Yes to any of these questions, then I have some important news for you: You Are Not Alone, and it's Not Your Fault. In fact, these 3 questions were generated after interviews with literally thousands of students about the concerns they have when applying to colleges. It's a fact: Every year, thousands of students who have great grades and high SAT scores get rejected from colleges all across the country. There are also thousands of students who didn't have the best grades, test scores, extracurricular activities, but got into top schools such as Harvard, Stanford, UCLA, or Ivy Leagues. How could this be? There is ONE THING all of these students who got into top universities without stellar grades and test scores have in common: Their college application essays have impressed the admissions judges so much that the judges felt EMOTIONALLY COMPELLED to accept them. And they did. In fact, in our interview with an Ivy League admission judge, she bluntly said, in effect: Look, I read hundreds of applications PER DAY. After reading them for the first 2 hours, my brain already felt scrambled like an egg. Do you really expect me to tell the difference between one applicant and the other pile of 250 applications? The only reason I would accept someone is that if I can really GET TO KNOW HIM FROM HIS ESSAY, and he is someone who genuinely impresses me. In that case, his grades and test scores can be a lot more lenient. Wow, how can you make your essay the one that makes the admission judge react like that and accept you? It turns out that there is a very specific set of triggers which, when applied in a college application essay, will

drastically increase your chances of acceptance to any top university These unconventional tools are what these special students applied in their essays that got them into Ivy League schools On the other hand there is also a set of FATAL MISTAKES that the common students make in their essays killing their chances of acceptance to their dream colleges The worst part is that not only are most students unaware of these fatal mistakes teachers and counselors often recommended them to students as ways of writing that enhance their essays This book is dedicated to give you that set of unconventional tools you can use to maximize your chances of acceptance to YOUR DREAM COLLEGE It will also show you the top deadly mistakes ALMOST ALL students make and help YOU avoid them You will learn A detailed breakdown of what colleges really look for in an applicant and what the admissions judges are not telling you How to choose the best material to write in your college application essay A step by step guide to write your outstanding college application essay from introduction to conclusion applying cutting edge unconventional tools and techniques that will drastically increase your chances of getting accepted Now let s get started with your essay I will see you inside
