The Beat, 2005 **New Histories of South Africa's Apartheid-Era Bantustans** Shireen Ally, Arianna Lissoni, 2017-06-26 The bantustans or homelands were created by South Africa's apartheid regime as ethnically defined territories for Africans Granted self governing and independent status by Pretoria they aimed to deflect the demands for full political representation by black South Africans and were shunned by the anti apartheid movement In 1972 Steve Biko wrote that politically the bantustans are the greatest single fraud ever invented by white politicians With the end of apartheid and the first democratic elections of 1994 the bantustans formally ceased to exist but their legacies remain inscribed in South Africa's contemporary social cultural political and economic landscape While the older literature on the bantustans has tended to focus on their repressive role and political illegitimacy this edited volume offers new approaches to the histories and afterlives of the former bantustans in South Africa by a new generation of scholars This book was originally published as various special issues of the *South African Historical Journal*

FROM THE INTRODUCTION This book tells of the journeys in both directions between village and city between saxophone and cellphone between Langa and Cape Town between America and Africa that over the

past century have created the unique sound dubbed South African Jazz The term itself is contentious As in America some politically aware South African players dislike the term for its social connotations The term jazz was used to describe the music of brothels It was simply another way of denigrating the creativity of African musicians says percussionist and composer Ndikho Xaba And as in the rest of the world many musical explorers resent the constraints of an externally defined musical box In South Africa apartheid overlaid the word with other more sinister connotations In some critical and ethno musicological contexts the music was evaluated by the degree of its American ness and denigrated as impure when it employed African idioms in composition or playing Also under apartheid the white authorities found it unacceptable that black musicians should be acknowledged as capable of playing such sophisticated music And so symbolic annihilation became part of the hegemonic staging and broadcasting of jazz Playing behind a screen at Cape Town City Hall while a white musician mimed his notes reedman Winston Mankunku Ngozi was billed as Winston Mann In radio broadcasts pianist Tony Schilder heard himself re christened Peter Evans and trumpeter Johnny Meko became Johnny Keen [The Jazz Discography](#) Tom Lord,1992 **Staffrider** ,1980 *Bix* Jean Pierre Lion,2005 Bix Beiderbecke is a figure of legend the white cornetist s short life 1903 1931 fit the myth of the tragic artist surrounded by the nostalgia of an era Prohibition and rooted in the dark history of jazz Considered a genius by his fans and fellow musicians Bix was a master cornet player pianist and composer and one of the most inspiring jazz musicians of his age French jazz scholar Jean Pierre Lion traveled the trajectory of Bix s life from birth to death to boarding school on tour and beyond to uncover the truth behind the legend He creates historical ambience with descriptions of 1920s Chicago ruled by Al Capone and peopled with fast cars flappers and hot jazz musicians and Bix s personality is revealed through excerpts from the few letters he wrote in his lifetime and the memories of friends and witnesses of the jazz age When he died Bix left behind a tremendous list of recordings included here in a definitive discography and several original compositions This biography culls the entirety of Bix scholarship into one volume painting a complete picture of the man his music and his times BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The British National Bibliography** Arthur James Wells,2006
