## Space In Between Us:

**Sacred Space for the Missional Church** William R. McAlpine, 2011-02-14 Sacred Space for the Missional Church examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out. The author demonstrates that the built environment is not incidental or even subservient to mission. Rather, it is a key player in the fulfillment and the communication of that mission. The book begins with a working definition of the missional church, underscoring the connection between God's mission (*missio Dei*) and the Church's mission. The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church. The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function, pragmatics, and fiscal astuteness. The author questions the uncritical application of blanket statements such as "form must follow function" and challenges the conviction that it does not matter where worship occurs, only that it occurs. The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church.

**Women, the State, and War** Joyce P. Kaufman, Kristen P. Williams, 2007-01-01 *Women, the State, and War* looks at the intersection of gender, citizenship, and nationalism, marriage, intermarriage, and how states gender that relationship and the ways in which women are used as symbols to reinforce or further nationalistic goals. Women have long struggled with issues of citizenship, identity, and the challenge of being recognized as equal members of the community. Governments use feminine imagery, e.g., "mother country," to create a national identity while simultaneously minimizing the role that women play as productive contributors to the society. Authors Joyce P. Kaufman and Kristen P. Williams examine the relationship of government and women in four different countries: the United States, Israel, the former Yugoslavia, and Northern Ireland. In each case, numerous similarities appear. Conflict plays a significant role in the definition of citizenship for women. Women's movements have worked in contradiction to the state, and citizenship and marriage are gendered undertakings.

**Okayest Mom** Natalie Gwyn, 2018-06-26 Natalie Gwyn uses humor to brilliantly capture how God led and helped this mother of two to adopt four children from Ethiopia and successfully bond her blended family. A happy working wife already birth mother of two healthy young children, a boy and a girl, doubled the size of her family by adopting four Ethiopian children. Why? Her answer: God. Popular blogger Natalie Gwyn has been cited widely for her candid, insightful, often humorous writing on cross-cultural adoptive Christian families, which number more than 4 million. HuffPo has linked to her controversial posts, and celebrities like Kathie Lee Gifford have quoted and pictured her on social media. Here, Natalie tells her whole mom story, including the only God could do this backstory. Her lighthearted narrative begins with the nudge of God toward the uncomfortable. She and her husband are almost certain they have misunderstood what the Almighty is asking of them, and

with self deprecating humor Natalie allows readers a glimpse into the process by which this already imperfect mom agreed to transnational transracial adoption of more children than she already has Natalie then takes the reader on her family's adventure to Ethiopia to legally adopt the three siblings God has chosen to add to their family With the skill of a detective novelist she reveals their discovery of a fourth sibling their critical decision not to leave this child behind and their harrowing quest to find woo and legally adopt her too Similar to the laugh out loud humor of books on blended step families Natalie shares the bedroom bathroom and kitchen scenes of this adoptive family's huge adjustments She brilliantly captures each child's and each parent's perspective and in doing so reveals God in their midst
