Space Between Us The:

The Space Between Us Kieran Holt, 2026-01-09 Two rivals One crumbling French chateau A blueprint for a love they never saw coming Elias Thorne is the Architect of the Future Defined by sharp lines tempered glass and a cold Manhattan skyline he believes a building is a machine for living But when his reputation begins to crack he is forced to accept a project that is his worst nightmare restoring a sixteenth century estate in the Loire Valley Sophie Valerius known as the Stone Woman is a preservationist who believes every ancient stone has a soul To her Elias isn't a visionary he is a vandal with a laptop ready to gut the history she has sworn to protect Trapped together in the remote Chateau de Saint Noire Elias and Sophie are forced to share an office a dining table and a mutual resentment that burns hotter than the French summer He wants steel and light she wants heritage and shadows But when a structural catastrophe threatens to bring the roof down on them both the rivals must find a way to merge their worlds As they build the Bridge of Time a daring glass walkway connecting the past to the future they discover that the most difficult foundation to build is the one between two hearts Can the Glass Man and the Stone Woman find a way to build a life together or will their competing visions leave them in the ruins

The Space Between Us Ryan D. Enos, 2017 *The Space Between Us* brings the connection between geography psychology and politics to life By going into the neighborhoods of real cities Enos shows how our perceptions of racial ethnic and religious groups are intuitively shaped by where these groups live and interact daily Through the lens of numerous examples across the globe and drawing on a compelling combination of research techniques including field and laboratory experiments big data analysis and small scale interactions this timely book provides a new understanding of how geography shapes politics and how members of groups think about each other Enos analysis is punctuated with personal accounts from the field His rigorous research unfolds in accessible writing that will appeal to specialists and non specialists alike illuminating the profound effects of social geography on how we relate to think about and politically interact across groups in the fabric of our daily lives Jacket
