

THE 1970s RECIPE FOR DISASTER

The Disaster File The 1970s

Michael Brown

The Disaster File The 1970s :

The Disaster File Grace M. Ferrara,1980 **The Disaster File, the 1970's** Grace M. Ferrara,1979 American Disaster Movies of the 1970s Scott Freer,2023-10-19 American Disaster Movies of the 1970s is the first scholarly book dedicated to the disaster cycle that dominated American cinema and television in the 1970s Through examining films such as Airport 1970 The Poseidon Adventure 1972 Two Minute Warning 1976 and The Swarm 1978 alongside their historical contexts and American contemporaneous trends the disaster cycle is treated as a time bound phenomenon This book further contextualises the cycle by drawing on the longer cultural history of modernist reactions to modern anxieties including the widespread dependence on technology and corporate power Each chapter considers cinematic precursors such as the ark movie and contemporaneous trends such as New Hollywood vigilante and blaxploitation films as well as the immediate American context the end of the civil rights and countercultural era the Watergate crisis and the defeat in Vietnam As Scott Freer argues the disaster movie is a modern demotic form of tragedy that satisfies a taste for the macabre It is also an aesthetic means for processing painful truths and many of the dramatized themes anticipate present day monstrosities of modernity **The Disaster File:the 1970s Edited by Grace M. Ferrara** ,1980 The Blood Telegram Gary J Bass,2013-10-01 In 1971 the Pakistani army launched a devastating crackdown on what was then East Pakistan today s independent Bangladesh killing thousands of people and sending ten million refugees fleeing into India The events also sparked the 1971 Indo Pakistani War Drawing on recently declassified documents unheard White House tapes and meticulous investigative reporting Gary Bass gives us an unprecedented chronicle of the break up of Pakistan and India s role in it This is the pathbreaking account of India s real motives the build up to the war and the secret decisions taken by Indira Gandhi and her closest advisers This book is also the story of how two of the world s great democracies India and the United States dealt with one of the most terrible humanitarian crises of the twentieth century Gary Bass writes a revealing account of how the Bangladeshis became collateral damage in the great game being played by America and China with Pakistan as the unlikely power broker The United States embrace of the military dictatorship in Islamabad would affect geopolitics for decades beginning a pattern of American anti democratic engagement in Pakistan that went back far beyond General Musharraf The Blood Telegram is a revelatory and compelling work essential reading for anyone interested in the recent history of our region **Guide to Federal Records in the National Archives of the United States: Record groups 171-515** United States. National Archives and Records Administration,1995 **The Mt. Kembla Disaster** Stuart Piggin,Henry Lee,1992 On 31 July 1902 the Mt Kembla coal mine in southern New South Wales exploded killing 96 men It is the worst disaster to occur on land in Australia s history The explosion took place during a time of social and industrial upheaval when safety issues had become a bargaining point between management and miners The NSW coal industry was slowly emerging from the 1890 s depression and the miners were testing their industrial strength in the Arbitration Court

The Mt Kembla Disaster is a rich social history which traces these events from the decades preceding the blast the frenetic rescue operation and mass funerals through the series of acrimonious legal enquiries to the divisive relief effort and the continuing commemoration of the disaster by the community of Mt Kembla Stuart Piggin and Henry Lee examine the disaster within the broader context of the social political and industrial systems in which it was set They conclude that contrary to the common view that such catastrophes result in positive change the Mt Kembla disaster had little long term effect The local community compensated for political inertia with an intense internalisation of the trauma

Disaster Loans, Implementation of the Disaster Relief Act of 1970, 1972

The Greek Junta and the International System Antonis Klapsis, Constantine Arvanitopoulos, Evanthis Hatzivassiliou, Effie G. H. Pedaliu, 2020-02-19 This book examines the international dimensions of the Greek military dictatorship of 1967 to 1974 and uses it as a case study to evaluate the major shifts occurring in the international system during a period of rapid change The policies of the major nation states in both East and West were determined by realistic Cold War considerations At the same time the Greek junta a profoundly anti modernist force failed to cope with an evolving international agenda and the movement towards international cooperation Denouncing it became a rallying point both for international organizations and for human rights activists and it enabled the EEC to underscore the notion that democracy was an integral characteristic of the European identity This volume is an original in depth study of an under researched subject and the multiple interactions of a complex era It is divided into three sections Part I deals with the interaction of the Colonels with state actors Part II deals with the responses of international organizations and the rising transnational human rights agenda for which the Greek junta became a totemic rallying point and Part III compares and contrasts the transitions to democracy in Southern Europe and analyses the different models of transition and region building and how they intersected with attempts to foster a European identity The Greek dictatorship may have been a parochial military regime but its rise and fall interacted with significant international trends and can therefore serve as a salient case study for promoting a better understanding of international and European trends during the 1960s and 1970s This book will be of much interest to students of Cold War studies international history foreign policy transatlantic relations and International Relations in general
