## **The Dominant Sex:**

*The Dominant Sex* Mathilde Vaerting, 2002-05 Are there masculine and feminine characteristics The answer given in this book is No The authors assert and cite chapter and verse to prove that those physical mental moral or social traits which we are wont to regard as masculine or feminine are simply those of the dominant sex that those we call feminine are merely the characteristics of the subordinated sex In various states at various times when woman was dominant she was possessed of most of the manly qualities and practiced the masculine customs She wooed the man and supported him she did hard physical work while he performed the household tasks and cared for the children she was polyandrous while the man was monogamous she was taller and stronger and in every way more influential than the man The authors conclude that no civilization can reach its highest form of development under a monosexual government and that the ideal government is one in which both sexes are absolutely equal *The Dominant Sex* Mathilde Vaerting, 1923 **The Dominant Sex** Annie Nathan Meyer, 1911 **THE DOMINANT SEX : A PLAY ; IN 3 ACTS** Annie Nathan Meyer, 1970 Woman Hendrik De Leeuw, 1957 The author argues that the women of today have turned the United States into a matriarchate that has uprooted the normal patterns of family living that this is making it increasingly difficult for men to retain their individuality and traditional sexual status and that its consequences have had and continue to have a destructive impact on society as well as on woman herself Book jacket **The Dominant Sex; A Play in Three Acts** HardPress, Meyer Annie Nathan 1867-1951, 2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Woman** Henrik De Leeuw, 1957 **The Dominant Sex.
